Supply of Revised Pay Bill Forms to Indenting Officers on indent

OFFICIAL MEMORANDUM

No. FD 146 RFC 61, DATED BANGALORE, THE 11TH DECEMBER 1962
(MARGASIRA 20, SAKA ERA 1884)

The Press has already taken steps to print these forms and supply them to the indenting officers. Discount allowed by the Electricity Board for prompt settlement of claims—availing of by Government Departments.

OFFICIAL MEMORANDUM

No. FD 54 RCE 62, DATED BANGALORE, THE 17TH DECEMBER 1962
(MARGASIRA 26, SAKA ERA 1884).

The Accountant General has brought to the notice of Government that certain Heads of Offices do not avail of the discount allowed by the Electricity Board for payment of their bills within the due dates, resulting in avoidable loss to Government. This amounts to a violation of one of the canons of financial propriety which requires every Government Officer to exercise the same vigilance in respect of expenditure from Government revenues as a person of ordinary prudence would do in respect of the expenditure of his own money If only timely action is taken in such cases to draw funds and make the payments, there will be no need whatever to incur such losses.

2. As Government cannot bear losses resulting from the negligence of individuals, it is hereby directed that in all cases where discounts are foregone due to delay in payment of Electricity Board Bills, the loss caused be recovered from the Officers/Officials responsible for the delay. This applies equally to losses already incurred in this behalf

3. Any waiver of recovery of such losses if due to circumstances beyond control, requires the sanction of Government in the Finance Department.

Issues instructions for the payment of anticipatory pension-Gratuity and commuted value based on anticipatory pension

CIRCULAR

No. FD 323 PEN 62, DATED BANGALORE, 16TH NOVEMBER 1962
(KARTHIKA 25, SAKA ERA 1884).

According to clause (*d*) of Rule 341 of Mysore Civil Services Rules, production of a last pay certificate is not necessary for the disbursement of Anticipatory pension and Anticipatory Death-*cum*-Retirement Gratuity and para 9 of Government Circular No. FD 158 PEN 59, dated 22nd—24th December 1959 read with Government Circular of even number, dated 23rd September 1960 provides for the production of a surety bond or cash deposit by retired Government Servants in cases of outstanding Government dues.

2. In this connection it has been pointed out that Rule 348 of Mysore Civil Services Rules already provides for withholding of one-fourth of the amount of the anticipatory Death-*cum*-Retirement Gratuity and that withholding of further amount from it on account of outstanding Government dues is liable to cause hardship and delay in the payment of anticipatory pension, etc. It has been suggested that the amount of anticipatory gratuity, pension, etc., withheld under Rule 348 of Mysore Civil Services Rules should be sufficient to cover the risk of overpayment of the gratuity as well as any unrealised Government dues.

3. Government are, therefore, pleased to order that (i) in cases in which Death-*cum*-Retirement Gratuity is payable, no amount over and above the amount withheld in accordance with Rule 348 of Mysore Civil Services Rules should be withheld on account of outstanding Government dues, (ii) In cases, however, in which the pension-sanctioning authority indicates in the third page of the application for pension, an amount which is more than one-fourth of the amount of the anticipatory gratuity to be withheld from the Death-*cum*-Retirement Gratuity, the amount so indicated should be withheld from the anticipatory gratuity, and (iii) In cases in which no Death-*cum*-Retirement Gratuity is payable, the instructions contained in para 9 of Government Circular, dated 22nd—24th December 1959 read with Government Circular, dated 23rd September 1960, will apply.

The balance amount required Rs. 1,57,198 under this head may be reappropriated from the provision made under "19. Merit Scholarships" (Rs. 6,04,178) The expenditure in respect of Scholarships to the other students in High Schools should be debited to the Budget head "28-Education-E-General r Scholarships—20 General Scholarships" where a provision of Rs 6,04,178 exists. As there will be no case of award of merit scholarships from the current year as per the decision taken, the balance amount under '19 Merit Scholarships' after reappropriation of Rs 1,57,198 may be reappropriated to '20. General Scholarships', thus the total provision available under the latter head being Rs 10,51,158 after reappropriation Sanction is accorded for incurring additional expenditure up to a maximum limit of Rs 2 00 lakhs over and above Rs 10,51,158 for distribution of scholarships to High Schools students other than Scheduled Castes and Scheduled Tribes students. The Director of Public Instruction will take action to provide this additional sum of Rs 2 00 lakhs by reappropriation from other heads under his control

4. The expenditure of Rs. 43,160 and Rs. 68,920 referred to in para 2 above are included in the provision made under "28 Education-E General-r-Scholarships C Department of Collegiate Education (1) Normal-1. Government Institutions and 2 Non-Government Institutions", respectively If the amount earmarked for scholarships to Scheduled Castes and Scheduled Tribes students in Colleges is not fully utilised in any particular year, the balance amount should be utilised by the Director of Public Instruction for the award of scholarships to Scheduled Castes and Scheduled Tribes students in High Schools and the rate of scholarships would be Rs. 7-50 per mensem as applicable to High School students belonging to this category The Director of Collegiate Education, Bangalore, should intimate the Director of Public Instruction, Bangalore, well in advance, the savings that may accrue out of the amounts earmarked for scholarships to Scheduled Castes and Scheduled Tribes students in Colleges, immediately after the finalisation of award, to College students.

5 The Director of Public Instruction and the Director of Collegiate Education are requested to forward to Government immediately panels of names of personnel for appointment on the Scholarships Committees for Talukas in respect of High Schools and for individual Colleges in respect of Colleges respectively for approval.

REVENUE SECRETARIAT

Issues instructions regarding Levy of interest on arrears recoverable as an arrear of land revenue

CIRCULAR

No RD 52 GWR 62-I, DATED BANGALORE, THE 20TH NOVEMBER 1962 (KARTHIKA 29, SAKA ERA 1884).

In Circular No RD 62 GWR 59, dated 25th May 1962 (a copy of which is appended) published in the *Mysore Gazette*, dated 7th June 1962, Part I, page 1, it has been clarified that interest may not be levied and recovered under Rule 94 of the Mysore Land Revenue Rule (and corresponding provisions of Land Revenue Rules/Board Standing Orders/Administrative Orders as in force in other integrated areas) in respect of dues other than Land Revenue, which are recoverable as arrears of land revenue unless the particular Act or Rule under which such dues are recoverable as an arrear of land revenue, specifically require or authorise levy and recovery of interest on such dues

2 So far as the levy of interest on water-rate is concerned the Divisional Commissioner, Mysore Division, Mysore, has raised certain points of doubt The following clarification is therefore issued in this regard —

(1) Interest on arrears of water-rate can be levied in respect of irrigation projects completed prior to the promulgation of the Mysore Irrigation Act, 1932 (and corresponding Acts as in force in other areas) and to which these Acts do not apply, only if the Executive/Administrative orders sanctioning the construction of such works specifically provide for levy and recovery of such interest

(2) No interest on arrears of water-rate can be levied in respect of lands on which water-rate is levied under Section 10 of the Mysore Irrigation (Levy of Betterment Contribution and Water-rate) Act, 1957, under Section 53 of the Mysore Land Revenue Code (corresponding provisions of Land Revenue Codes and Boards Standing Orders) and on wet assessments levied under Section 114 of the Mysore Land Revenue Code and corresponding Land Revenue Codes/Standing Orders (as in force in other areas)

(3) No interest can be levied on arrears of water-rate in respect of lands on which the water-rate is levied under the Mysore Irrigation Act, 1932 as this Act does not provide for such levy Interest can be levied on arrears which are recoverable as arrears of Land Revenue under the corresponding Irrigation Acts in force in other areas only, if the Acts and the Rules framed thereunder specifically provide for the levy of interest on them and recovery of the same.

S ABDUL WAJID,
Under Secretary to Government,
Revenue Department.

ANNEXURE.

Instructions regarding Levy of interest on arrears recoverable as Land Revenue

CIRCULAR

No. RD 62 GWR 59, DATED BANGALORE, THE 25TH MAY 1962
(JYEISHTA 4, SAKA ERA 1884).

According to Rule 94 of the Rules under the Mysore Land Revenue Code [and corresponding provisions of the Land Revenue Rules (Board Standing Orders/Administrative Orders) in force in other integrated areas] interest shall be charged on all arrears of revenue from the first of the year following that to which they relate, at the rate of one pie per rupee per month, portions of a month and fractions of a rupee being omitted in the calculation

2 The question whether interest can be charged under Rule 94 on amounts due, other than land revenue proper but which are recoverable as an arrear of land revenue such as contribution and water-rate under the Irrigation Act, came up for consideration in Writ Petition No 353 of 1959 before the High Court of Mysore In the judgement of the High Court delivered on the 26th September 1961 (a copy of which is appended to this circular) the High Court have held that an arrear like contribution or water-rate which is recoverable under the Irrigation Act is not land revenue and that it is to be regarded as an arrear of land revenue only for purposes of recovery and that the arrear of contribution or water-rate when so treated does not make it land revenue or transform it into land revenue and that so long as it is not a land revenue the provisions of Rule 94 are not attracted and no interest is chargeable on it.

3. The principles laid down by the High Court apply *mutatis mutandis* to other amounts like Sales Tax, Income Tax, Agricultural Income Tax, etc , which are recoverable as an arrear of Land Revenue. It is therefore hereby clarified that interest may not be levied and recovered under Rule 94 of the Land Revenue Rules in respect of dues other than land revenue, which are recoverable as arrears of land revenue unless the particular Act or Rules, under which such dues are recoverable as arrear of land revenue, specifically require or authorise levy and recovery of interest on such dues.

Under Secretary to Government,
Revenue Department.

IN THE HIGH COURT OF MYSORE AT BANGALORE

Dated this the 26th day of September 1961

PRESENT

The Hon'ble Mr Justice A R. Somnath Iyer

and

The Hon'ble Mr Justice Mir Iqbal Hussain

Writ Petition No. 353 of 1959

Shri H Ramanuja Iyengar, 140, Wilson Gardens, Bangalore-2 *Petitioner*

(By Shri S K Venkataranga Iyengar)

1 The State of Mysore by its Chief Secretary, Vidhana Soudha, Bangalore–1
2 Special Tahsildar, Kunigal Taluk, Kunigal *Respondent*

(By Shri G Channappa, Assistant Advocate General)

Writ petition under Article 226 of the Constitution of India praying for the reasons stated in the affidavit, this Hon'ble Court may be pleased on holding that the levy of interest on the petitioner in respect of contribution and water rate regarding his lands bearing survey Nos 93 to 97 in Paduvagere Village, Amruthur Hobli, Kunigal Taluk, converted from dry to wet, consequent on the construction of the irrigation work known as the 'Markonhalli Reservoir', is unauthorised to issue a writ of mandamus and/or other appropriate writ directing the respondents to forbear from collecting the same and to pass such other consequential directions or orders including payment of costs to the petitioners, etc

This Petition coming on for hearing this day, the court made the following—

ORDER

Somnath Iyer J —

The short question arising in this case is whether, under the provisions of Section 30 of the Mysore Irrigation Act, interest on the contribution or water rate is also recoverable as a revenue demand

The petitioner is the owner of Survey Nos 93 to 97 in Paduvagere village, in the district of Tumkur, and, under the provisions of Section 30 of the Irrigation Act, contribution and water rate were payable by him On his committing default in the payment of those amounts, respondent 2 proceeded to recover those amounts, together with interest which he charged thereon, as if the aggregate amount was an arrear of land revenue The petitioner questions the validity of those proceedings

It is not disputed that the contribution and water rate which were recoverable as a revenue demand under Section 30 of the Irrigation Act were recoverable from the petitioner as if they were arrears of land revenue But, it is contended that interest on those amounts cannot be recovered as an arrear of land revenue

Mr Assistant Advocate-General defended the recovery proceedings even in so far as they related to the recovery of interest as recovery properly commenced under Rule 94 of the Rules made under the Mysore Land Revenue Code That rule reads - -

> "94. Interest shall be charged upon all arrears of revenue from the first or the year following that Interest on arrears of revenue to which they relate at the rate of one pie per rupee per month, portions of a month, and fractions of a rupee being omitted in the calculation"

It is true that under the provisions of that rule, interest may be charged upon arrears of revenue. But the amount on which such interest may be charged is land revenue payable under the provisions of the Land Revenue Code But, contribution or water rate which are recoverable under Section 30 of the Irrigation Act is not land revenue and that position is, in my opinion, incontestable It is to be regarded as an arrear of land revenue only for the purpose of recovery and for that limited purpose, it is treated as if it is an arrear of land revenue But the fact that it is so treated does not make it land revenue or transform it into land revenue and so long as it is not land revenue, the provisions of Rule 94 are not attracted and no interest is chargeable on it

This application must, therefore, succeed The respondents are restrained from recovering any interest on the contribution and water-rate payable by the petitioner as an arrear of land revenue That is the only order which we need make in this case

The petitioner will get the costs of this application Advocate's fee Rs 100

ORDER No AFD 23 VLS 59, DATED BANGALORE, THE 20TH NOVEMBER 1962
(KARTHIKA 29, SAKA ERA 1884)

The Scheme of Aided Cattle Breeding of the Amruthmahal Cattle was first sanctioned on a trial basis in Government Order No D 5581-92 AH 18-30-7, dated 5—6th May 1932 While sanctioning the continuance of the scheme in Government Order No. AF 2554-67 AH 69-42-9, dated 4th December 1944, Government observed that the working of the scheme till then was not satisfactory. As the breeders had violated the conditions of the scheme and as the scheme had not been of any material benefit either to public or to Government and as it was reported that there was misuse of lands leased out, the scheme was terminated in Government Order No. AF 4410-25 AH 194-48-2, dated 28th January 1949

However, the scheme was revived again in Government Order No AF 3108-19 AH 30-52-2, dated 25th June 1952 and finally, in Government Order No AF 6390-1 AH 34-55-2, dated 12th October 1955 this scheme was sanctioned for a period of five years with effect from 20th July 1955, with modified terms and conditions Under the terms of modified scheme 14 Aided Cattle Breeders were allotted Amruthmahal kaval lands in one or more kaval lands Since then complaints have been received from the public that the Aided Cattle Breeders have abused the several concessions given to them that the Amruthmahal kaval lands leased to them were in turn leased by them to others and that they are collecting money illegally by allowing village cattle to graze in the kaval lands

The Director of Animal Husbandry and Veterinary Services has reported that these Aided Cattle Breeders have not at all executed the required lease deeds and have not adhered to the terms and conditions of the scheme and have violated the conditions

The 14 Aided Cattle Breeders were served with notices pointing out the violations of terms and conditions of the scheme on their part and intimating that their leases have been terminated and they should give vacant possession of lands leased to them on 20th July 1960 To this the Aided Cattle Breeders have represented that the scheme may be continued in view of the difficulties experienced by them in sustaining and maintaining the Amruthmahal cattle

Government constitued a committee for reorganisation of livestock farms The Committee in its report stated that the scheme has not given the results for which it was launched by Government and the breeders have reared more cattle on the lands assigned to them, while some of the Members of this Committee advocated terminating the scheme, and some for continuing it with modifications of the existing scheme. Accordingly, the Director of Animal Husbandry and Veterinary Services has forwarded modified rules for continuing the 14 Aided Cattle Breeders. He has recommended that each breeder may be given 2 to 3 acres of land per head of cattle and that the land may be given in a compact block

Government considers that it is not desirable that large tracts of Government land should be in the hands of private people. The Amrithmahal kaval lands are required for Government purposes The lease of 5 years having expired and the lessees having failed to execute the necessary documents it is ordered that the lease of Amrithmahal lands be terminated with effect from 20th July 1960 and the kaval lands be resumed by Government for eventual use as composite livestock farms, orchards and such other uses

However, Government have considered the representation of the Breeders As by this termination it will be difficult for the Aided Cattle Breeders to sustain and maintain their Amrithmahal cattle, Government are pleased to approve the proposals of the Director of Animal Husbandry and Veterinary Services for continuing the Aided Cattle Breeding Scheme as per modified rules appended to this order The 14 Aided Cattle Breeders will be given lease of Amrithmahal kaval lands not exceeding 100 acres each in a compact block The lease will be for a period of 5 years in the first instance The Director of Animal Husbandry and Veterinary Services is requested to give effect to this scheme The lease is subject to termination in case of breach of any of the conditions in these modified rules A sketch of the land given on lease to each cattle breeder shall be prepared by the Director of Animal Husbandry and sent to Government for record. The Director of Animal Husbandry and Veterinary Services should take immediate action to get fresh lease deeds executed by the Aided Cattle Breeders

By Order and in the name of the Governor of Mysore,

T S RAMAIYA,
Under Secretary to Government,
Agriculture and Forest Department.

ORDER No. GAD 192 SMC 61, DATED BANGALORE, THE 29TH DECEMBER 1962
(PUSHYA 8, SAKA ERA 1884)

According to the programme of training of Mysore Administrative Service, Class I, Junior scale Officers approved in Government Order dated 7th July 1962 read above, Probationary Assistant Commissioners have to be placed in independent charge as III Class and II Class Magistrate for a period of two months. It is not likely that the Probationary Assistant Commissioners are being invested with magisterial powers and the period of two months provided for watching the proceedings in a Court could as well be reduced and utilised for other items of training usefully It is considered sufficient if they are asked to watch the proceedings in the subordinate courts for 15 days In order to give the probationary Assistant Commissioners intensive training in sub-divisions, it is considered desirable that these probationers should be placed in independent charge of Sub-divisions as long as practicable during their period of probation. Taking all these aspects into consideration, Government are pleased to prescribe the following revised programme of training —

1	Secretariat ...	15 days
2	Office of the Assistant Commissioner .	2 months
3	Taluk Office , ..	3 months
4	Survey training .. .	1 month and 15 days.

Issues instructions whether Government Servants should accompany during Tours of members of State Legislature and Parliament.

CIRCULAR

No. GAD (S1) 160 SRR 62, DATED BANGALORE, THE 7TH DECEMBER 1962
(MARGASIRA 16, SAKA ERA 1884)

The Deputy Commissioner, Shimoga, in his letter No M1 PR 9/62-62, dated 31st October 1962 has sought instructions regarding the manner in which the local officers should conduct themselves when tour programmes of Members of Legislature and Members of Parliament are received by them and whether it is obligatory or mandatory on the part of these officers to accompany the members during their tour in the districts

It is hereby clarified that Government servants need not accompany the Members of Legislature or Members of Parliament whenever they tour the district But if they make a request for any facilities they may be given such facilities as are possible as per existing Rules and Procedure There is also no need to circularise the tour programmes when received to other Government officers, as the Members of the Legislature and Parliament will themselves send their tour programmes to the concerned officers, if they consider it necessary to do so.

Lays down Restrictions regarding sanctioning reappropriation so as to strictly enforce measures for economy in Government Expenditure.

OFFICIAL MEMORANDUM

No FD 4 BUD 63, DATED BANGALORE, THE 11TH JANUARY 1963

In paragraph 2 of Official Memorandum No. FD 33 Bud. 62, dated 24th April 1962, the Secretaries to Government, Heads of Departments and other Estimating Officers were informed of certain cuts effected in the provisions asked for by the Departments under the heads like "Travelling Allowance", "Contingencies", "Other Charges", etc , and specific instructions have also been issued for restricting the expenditure to the Budget provisions by exercising strict economy in expenditure. They have also been informed that no proposals for Additional or Supplementary Grants under the above heads would be entertained by Government during the current year.

2. In view of the prevailing emergency further instructions were also issued enforcing certain measures to effect economy in Government expenditure in Government Order No FD 189 BUD 62, dated 3rd December 1962. Even according to these orders the current year's Budget grants under the heads "Travelling Allowance", "Contingencies", "Other Charges", etc., should be deemed to have been cut by 5 per cent and thus it means that the expenditure under these heads has to be further reduced by 5 per cent of the Budget Grant.

3. In spite of clear instructions already issued, certain Heads of Departments and other Estimating Officers are sending up proposals for Additional/Supplementary grants under these heads for the normal expenditure of the several departments under which either the original Budget grants are found to be inadequate or certain expenditure not provided for in the Budget has to be met during the year. If this is the case, the very object with which the expenditure was restricted in order to ensure strict economy will not be served Unless the Secretaries to Government, Heads of Departments and other Estimating Officers extend their co-operation and see that all measures to enforce economy in Government expenditure are followed strictly, it would not be possible to prevent heavy expenditure on account of "Travelling Allowance", "Contingencies", "Other Charges", etc.

4. It has further come to the notice of the Finance Department that certain Heads of Departments have been making a liberal use of the powers delegated to them under Article 314 of the Mysore Financial Code, 1958 for reappropriating Budget grants not exceeding Rs 3,000 from one head to another within the same minor head, in their Departmental Budgets. This defeats the purpose for which the Budget grants were curtailed with a view to enforcing economy of expenditure on "Travelling Allowance", "Contingencies", "Other Charges", etc.

5. Under the circumstances, it is decided to enforce economy by restricting the use of the powers vested in the Heads of Departments in sanctioning reappropriations to increase the original Budget grants under the heads referred to in previous paragraphs.

6. It is hereby directed that without the prior concurrence of Government in the Finance Department, no reappropriations should be made by the Heads of Departments in accordance with the powers vested with them under the provisions of Article 314 of the Mysore Financial Code, 1958, to increase allotments under "Travelling Allowance", "Contingencies", "Other Charges", etc

7. The reappropriations already made during the current year by the Heads of Departments under the powers delegated to them may be consolidated and reported immediately to Government in the Finance Department for information.

N S. BHARATH,

Deputy Secretary to Government,
Finance Department.

Passes orders *re* Deduction of Income-tax and Super tax at source as per Section 192 of the Income-tax Act, 1961

OFFICIAL MEMORANDUM.

No FD 2 RFC 63, DATED BANGALORE, 5TH JANUARY 1963

According to Section 192(1) of the Indian Income-tax Act, 1961, persons responsible for paying any income chargeable under the head "Salaries" should, at the time of payment, deduct income-tax and super-tax on the amount payable, at the average rate of income-tax and average rate of super-tax, respectively, computed on the basis of the rates of tax in force for the financial year in which the payment is made, on the estimated income of the assesses under this head for that financial year The Income-Tax Officer, Salary Circle, Bangalore, has reported that some of the Drawing Officers are not complying with the above provision, with the result that in several cases there have been short recoveries towards Income-tax, entailing avoidable extra work and inconvenience all round.

2 Apparently, Government Officers disbursing salaries, allowances, etc , which are liable to Income-tax have not appreciated the extent of their responsibility in the matter Needless to add that they are personally responsible, so far as it lies in their power, to ensure that in respect of disbursements made by them, recoveries towards Income-tax are made correctly

3 Every year, changes in the rates of Income-tax and Super-tax are communicated by this Department and the Accountant General, Bangalore They are also published in the *Mysore Gazette* There should therefore be no difficulty to Disbursing Officers to discharge their responsibility under the Act

4 According to Article 89 of the Mysore Financial Code, Treasury Officers are responsible for the recovery of income-tax from Gazetted Government servants who draw their pay from the Treasuries on separate bills and also from pensioners In the case of non-gazetted staff, heads of offices are responsible for the deduction of Income-tax at the prescribed rates in the establishment pay bills Gazetted Officers who draw salaries on separate bills have of course a special responsibility to ensure (should make sure) that there is no short recovery in respect of their salary assessable to tax

5 Disbursing Officers should therefore insist on the filing of a true statement of the estimated income chargeable under the head 'salary' for the whole year, from every Government servant liable to pay the Tax, with his pay bill for March payable in April and effect recoveries towards the tax on the basis of such statements A similar statement showing the income for the closing year based on the actuals to end of February and that expected in March, the tax payable thereon for the whole year, the amount deducted up to end of February, and the balance of tax payable, should be obtained from each such Government servant in connection with the pay bill for February payable in March That statement should be carefully verified by the Disbursing Officer concerned and any short or excess recovery rectified in the pay bill for February itself without fail.

6 As suggested above, the salary statements for this year should be obtained along with the pay bills for January 1963 and the short recovery rectified should be collected in February pay bills payable in March 1963 Action taken in this regard may be communicated to this office *by 15th March 1963*

In response to requests for guidance put forward by some of the officials, Government had, in Circular No. GAD 145 OOM 62, dated 12th December 1962, suggested that monthly contributions be made as generously as possible, subject to the minimum indicated below —

IMPORTANT GOVERNMENT ORDERS

FINANCE SECRETARIAT

Clarifies the Mode of Payment of Interest on General Provident Fund deposits

OFFICIAL MEMORANDUM

No FD 146 PPF 62, DATED BANGALORE, THE 13TH DECEMBER 1962

According to sub-rule (4) of Rule 14 of the Mysore General Provident Fund Rules, 1957, interest upto the end of the month preceding that in which the payment is made or upto the end of the sixth month after the month in which

such amount became payable, whichever of these periods be less, shall be payable to the person to whom such amount is to be paid In a case where the subscriber's last day of service was the 31st of May a doubt was felt that whether for the purpose of computing 6 months within the meaning of Rule 14(4) of the General Provident Fund Rules, the month of June should be reckoned and interest allowed upto the end of November only, or the period of 6 months should be computed excluding the month of June. It has been decided that in such a case, the subscriber actually *quits the service* on the 1st of June which is his first non-working day, irrespective of whether he actually *hands over* charge in the afternoon of the 31st of May or in the forenoon of the 1st of June, and as such the amount of Provident Fund money does not become payable to him before the 1st of June In this view, when a subscriber retires on the last day of a month, the period of 6 months for the purpose of Rule *14(4) ibid* should be counted after excluding the immediate succeeding month, that is to say, when a subscriber's last day of service is the 31st of May, the period of 6 months should be computed from July to December, and not from June to November

DEVELOPMENT AND RURAL LOCAL ADMINISTRATION SECRETARIAT

Revises the Delegation of powers to various officers connected with the implementation of Community Development Programme

READ—

(1) G O No P and D 24 DBT 60, dated 10th September 1960

(2) G O No P and D 51 DAC 59, dated 13th April 1960.

(3) Government letter No P and D 70 DBT 60, dated 22nd December 1960 from the Secretary to Government of Mysore, Development and Rural Local Administration Department to the Divisional Commissioners and Deputy Commissioners, for information and guidance

PREAMBLE—

In the Government Order read (1) above, a comprehensive scheme of delegation of powers to various officers connected with the implementation of the Community Development Programme was sanctioned

2 In the Government Order cited (2) above, delegation of powers to these various offices in respect of the Rural Arts and Crafts Programme in C D Blocks was sanctioned It was clarified in the Government letter read at (3) above, that these two Government Orders were in supersession of previous orders pertaining to the delegation of powers to various officers in respect of the C D Programme

3 Having studied the working of the existing scheme of delegation of powers, Government consider that it is necessary in order to expedite the implementation of the various development schemes which are taken up by C D Blocks out of their schematic budgets, to liberalise further the sanctioning powers of the various authorities connected with the implementation of this programme

4 Government's attention has been drawn to the fact that the delegation of powers under Government Order No. 24 DBT 60, dated 10th September 1960 requires modification in view of the provision under Article 154 (1) of the Indian Constitution that executive powers of the State vest in the Governor and can be exercised by him directly or through officers subordinate to him, that as the Taluka Boards which have been set up as Local Bodies under an Act of the State Legislature, cannot be deemed to be subordinate to the Governor, it will not be regular to delegate to them, powers to sanction and incur expenditure out of the Consolidated Fund of the State It is, therefore, suggested that the powers now delegated to the Taluk Boards in Statement I' appended to the G O of 10th September 1960 may be withdrawn and adequate powers be delegated to the Block Development Officer who functions as the Chief Executive Officer of the Taluk Board and this may be subject to the condition that the powers should be exercised by the Block Development Officers only on the strength of resolutions of Taluka Development Boards which should be cited in the sanctions given by them

ORDER No DRL 721 ADC(A) 61, DATED BANGALORE, THE 16TH OCTOBER 1962

In supersession of the Government Orders read above, Government directs that the Divisional Commissioners, Deputy Commissioners, Assistant Commissioners and the Block Development Officers will exercise the powers hereby delegated to them as indicated in the statements appended to this order

2 Government also directs that the Divisional Commissioners will be competent to exercise all the powers of the Deputy Commissioners in addition to the powers specifically delegated to the Divisional Commissioners in the statements appended to this Order, that the Deputy Commissioners will be competent to exercise all the powers of the Assistant Commissioners in addition to the powers specifically delegated to the Deputy Commissioners, and the Assistant Commissioners will be competent to exercise all the powers of the Block Development Officers in addition to the powers specifically delegated to the Assistant Commissioners

3. The Block Development Officers will exercise the powers delegated to them in Statement No II appended to this Order pertaining to programmes and sanction of schemes and works, etc, subject to the condition that the powers should be exercised by the Block Development Officers only on the strength of the resolutions of the Taluka Development Boards which should be cited in the sanctions given by them

4 The powers delegated in Statement II appended to this order will be subject to the following conditions in so far as they pertain to the sanction of schemes other than works or grants-in-aid for works, *viz*,

(*a*) *Schemes* —

(i) that the schemes are prepared in consultation with the District Heads of Departments,

(ii) that the schemes do not involve in recurring expenditure and creation of new posts By the word recurring it would mean annual recurring expenditure beyond the Block period

Grants-in-aid for works —

(i) The works will be carried out as per plans and estimates approved by the competent authority.

(ii) Type designs should be adopted for works, works for which type designs have been prescribed.

(iii) The works will be subject to the supervision of the Technical staff of the Development Blocks.

(iv) Grant-in-aid may be paid in instalments in advance, if necessary on taking proper and adequate security for ensuring that it will be used for the proper purpose, and in the proper manner However, any instalments of grant-in-aid should not exceed 1/3 of the total grant-in-aid to be paid by Government for works Before making payment of any subsequent instalments, the officer authorising the payments should satisfy himself that the amount was properly spent for the work and record a certificate to that effect indicating therein the basis on which the certificate is given.

(v) The work for which grant-in-aid is given should ordinarily be completed within one year from the payment of the 1st instalment, but the sanctioning authority may, at its discretion, extend by another year according to the needs of the work.

(vi) In case the actual expenditure of the work is more than the estimated expenditure in respect of which grant-in-aid has been sanctioned, the body receiving the grant-in-aid should meet the excess expenditure in full. No grant-in-aid will be given to meet such excess expenditure

N B —The authority empowered to sanction the grant-in aid may, specify further conditions, if any, according to the requirements of each case

(vii) Final payment of grant-in-aid should be made on the strength of a certificate from the authority sanctioning the grant-in-aid that conditions subject to which the grant-in-aid was sanctioned were duly fulfilled

5. This Order will come into force with immediate effect

By Order and in the name of the Governor of Mysore,

M. VASUDEVA RAO,

Secretary to Government,
Development and Rural Local
Administration Department

ANNEXURE 'A'

Note

1 All these powers are subject to sanction to the schematic budget and the limitation of the Budget provision for the Block

2 Some of the powers which were over-lapping with other powers have been omitted Powers vested in the different authorities under the M F C, M C E and M C S (C C and A) Rules will be exercised by them, by virtue of the delegation made under those regulations Hence, it has been considered unnecessary to repeat those powers in this Order

3 A few new powers have also been added to the Statements and these are delegated to the respective Officers

4 The powers delegated in the annexure to the various authorities shall be deemed to include the powers delegated to the subordinate authorities, *e g*, the powers delegated to the Divisional Commissioners include the powers specifically delegated to them as also the powers exercisable by the Deputy Commissioners, and so on

5. The following definitions are given to the words noted below —

(*a*) " Scheme " means a scheme other than a constructional work, either executed directly by the Block agency after getting the full amount of popular contribution credited to Government account, or executed through a People's agency with the proportionate Grant-in-aid assistance by Government in accordance with the prescribed scales of popular contribution All schemes should therefore have an element of people's contribution in them

(*b*) " Grant in aid " means an amount paid to a statutory or Voluntary organisation or other people's agency towards the Government share of expenditure against specific schemes or construcional works, or other general grants paid to such agencies for specific purposes

(*c*) ' Subsidy " means an amount paid to an individual for a specific purpose

(*d*) " Loan " means an amount paid to an individual or a Society for a specified purpose and is repayable to Government as per terms of sanction of the loan.

6 In view of the revised definition of the words " Scheme " and " Grant-in-aid ", it is not considered necessary to specify powers to sanction grant-in aid separately, such powers being now included in the power to sanction the scheme or work for which grant-in-aid is admissible as per orders in force from time to time

1 Government Order No PWD 167 SPN 66, dated 17th November 1966.

2 Representation dated 10th May 1967, from the Mysore P W D Junior Engineers Association, Bangalore

ORDER NO. PWD 119 SPN 67, BANGALORE, DATED THE 25TH NOVEMBER 1967.

In Government Order dated 17th November 1967, among other things, the pay scales of graduate Junior Engineers of the Mysore Public Works Department were revised from Rs. 225–15–375 to Rs. 250–15–400 with effect from 1st April 1966, and their pay in the revised scale is to be regulated under Rule 43 of M.C S Rules It has been however brought to notice of Government that the fixation of pay in the revised scale from 1st April 1966 as per this rule would actually result in loss in case of Junior Engineers who were already in service on that date. After examining the request of these officials Government are pleased to order that in case of Junior Engineers where the fixation of pay in the revised scale of Rs. 250–15–400 under the provisions of M.C S. Rules, Rule 43, results in hardship, the pay of such officials be fixed at the next stage in the revised scale on 1st April 1966

This order issues with the concurrence of Finance Department *vide* U.O No. 4786/67, dated 23rd November 1967

(3) Typing work may be divided into two batches with separate sets of working hours in such offices where more than 8 machines are in use, thus forming double shift arrangement Half the number of machines normally required would serve the purpose if shift system is arranged.

(4) If necessary, typing work may be minimised by writing ordinary and routine correspondence in the minimum size of paper by using pencil and carbon paper.

(5) Supply of portable typewriters should be made only on Government authorisation.

(6) Strict instructions should be issued by all the indenting officers to the Stenographers and Typists under their control to see that the typewriters are kept in good condition by oiling and cleaning periodically and to use typewriter materials sparingly.

OFFICIAL MEMORANDUM

No GAD 2 SSR 63, DATED BANGALORE, THE 20TH FEBRUARY 1963 (PHALGUNA 1, SAKA ERA 1884).

Attention of the Heads of Departments is invited to Official Memorandum No. GAD 37 SRR 62, dated 26th March 1962, issuing instructions for the collection of information in connection with the Annual Census of Government

Employees as on 31st March 1962 As it is proposed to conduct a census of all employees as on 31st March 1963, the Heads of Departments, are requested to take necessary action to furnish the information, in the prescribed *pro formæ* from their subordinate offices to the Director of Statistics on or before 1st May 1963

2 The form in which the information has to be furnished and the procedure to forward it are more or less the same as those of last year. This year also, each disbursing officer has to send the return to *the District Officer* of the Department concerned The District Level Officer of each department is thus responsible to collect the returns in the prescribed *pro formæ* (*viz*, Form I and II) from all the officers of his Department in his District and forward them all, at a time, to the Director of Statistics. In Departments where Divisional set up is existing, the Divisional Officers should send the returns in respect of their own office only to the Director of Statistics directly. Further, independent offices at the State Headquarters which do not come under the jurisdiction of the District Officer should send the return in respect of their offices direct to the Director of Statistics, Bangalore The information should be furnished only in the prescribed forms, namely, Form I and Form II appended to this Memorandum. The manner in which the statements are to be prepared and forwarded to the Director of Statistics is described below.

3. Every Disbursing Officer (Head of Office) shall prepare two statements in respect of his office, one in Form I and other in Form II In the case of the Mysore Government Secretariat, General Administration Department (Administration 2) Section will prepare the statements and forward them to the Director of Statistics on or before 1st May 1963.

In Form I should be given information in respect of all regular employees (both part-time and full-time) who are working in the office (on 31st March 1963) including officials on leave or under suspension Persons who were borne on the staff of the office but are in foreign service on 31st March 1963 should on no account be included in the statement The actual procedure in filling Form I consists in writing down the names of *all the employees working on 31st March 1963 inclusive* of officials on *all kinds of leave and suspension but excluding those in foreign service serially and filling* the particulars of post they hold against columns 3 to 8 and the particulars relating to them against Columns 9 to 22. The statements in Form I should be prepared in two parts, one including only the Gazetted Officers (Class I and II) and also vacant Gazetted posts, and the other relating to non-gazetted staff (Class III and IV) including vacant non-gazetted posts. The method of filling the particulars relating to the vacant posts is explained in paragraph 4 below In entering the names of officials in column 2, first, all Class I Officers should be entered, next Class II Officers. Similarly Class III officials should be followed by Class IV officials Officials working against leave or suspension vacancies (they may be either local candidates or regular ones) should also be included in this statement.

4. In the case of vacant posts, they are to be entered in Form I after the particulars of all the employees are entered. In column 2, the word 'VACANT' should be written in case of a vacant post The designation of the vacant post and other particulars relating to the post should be written against columns 3 to 8. In the case of a post which is filled on "*Ex-Officio*" basis, the word "*Ex-Officio*" should be written in column 2 and the particulars relating to the post should be entered in columns 3 to 8 and the particulars of the incumbent need not be filled (as the same would be furnished against a post which he holds). Even in the matter of entering the vacant post, Class I posts should be written first followed by Class II and Class III followed by Class IV.

5 After preparing a statement in Form I in the manner indicated above, another statement in Form II showing in Part "A" the sanctioned strength of posts by Class of posts and the number of officials (including in Form I) who are on all kinds of leave on 31st March 1963 or under suspension and the number of officials (included in Form I) who are working on 31st March 1963 against leave or suspension vacancies (*i e*, substitutes) should be prepared The particulars in Part "A" relate to regular establishment only If there are no substitutes working in the office, the number of employees and vacant posts shown in Form I should be respectively equal to those shown against items 2 and 3 of Part "A" of Form II This is true in case of each category of posts

When there are some substitutes, then the total number of employees shown in Form I should be equal to the sum of the figures against items 2 and 3 This is true in case of each category of posts.

In Part 'B' the number of employees paid out of contingency and work charged personnel as on 31st March 1963 have to be mentioned only This does not have a counterpart in Form I Thus only the number of employees is to be furnished without any further details In Part 'C' the particulars of vacancies that have occurred during the year ending 31st March 1963 is to be furnished under different items There is no need for giving other particulars

Both the statements (Form I and II) should then be forwarded to the District Officer concerned not later than the 15th April 1963. The District Officer in turn should forward all the returns of the officers of his District to the Director of Statistics on or before 1st May 1963

6 Instructions for filling the *pro formæ* are also appended as a separate note

7. Gazetted Officers should not send particulars of their service direct to the Director of Statistics as they are included in Form I

8 A copy of letter forwarding the two Statements to the Director of Statistics should be forwarded by each District Level Officer to the Head of the Department concerned, so that the latter might watch the despatch of these statements from the subordinate offices and expedite their despatch in case they are not sent promptly.

9. All the Heads of Departments should send immediately a complete list of all the subordinate offices with the name of the concerned disbursing officers (or officer-in-charge), (2) District Officers, (3) Divisional Officers, (4) Officers-in-charge of independent establishments at the State Headquarters, which do not come under the jurisdiction of the District Officers, and (5) Name and designation of the officer responsible to send the returns in respect of their own Head Offices at the State Headquarters in the following form to the Director of Statistics to enable him to watch the receipt of returns This list should relate to the positions as on 31st March 1963 and the list should be sent to the Director of Statistics not later than 15th April 1963

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Issues instructions for the collection of information in connection with the Annual Census of Government Employees as on 31st March 1963.

OFFICIAL MEMORANDUM

No. GAD 2 SSR 63, DATED BANGALORE, THE 20TH FEBRUARY 1963 (PHALGUNA 1, SAKA ERA 1884).

Attention of the Heads of Departments is invited to Official Memorandum No. GAD 37 SRR 62, dated 26th March 1962, issuing instructions for the collection of information in connection with the Annual Census of Government

Employees as on 31st March 1962. As it is proposed to conduct a census of all employees as on 31st March 1963, the Heads of Departments, are requested to take necessary action to furnish the information, in the prescribed *pro formæ* from their subordinate offices to the Director of Statistics on or before 1st May 1963

2 The form in which the information has to be furnished and the procedure to forward it are more or less the same as those of last year. This year also, each disbursing officer has to send the return to *the District Officer* of the Department concerned. The District Level Officer of each department is thus responsible to collect the returns in the prescribed *pro formæ* (*viz*, Form I and II) from all the officers of his Department in his District and forward them all, at a time, to the Director of Statistics. In Departments where Divisional set up is existing, the Divisional Officers should send the returns in respect of their own office only to the Director of Statistics directly. Further, independent offices at the State Headquarters which do not come under the jurisdiction of the District Officer should send the return in respect of their offices direct to the Director of Statistics, Bangalore The information should be furnished only in the prescribed forms, namely, Form I and Form II appended to this Memorandum. The manner in which the statements are to be prepared and forwarded to the Director of Statistics is described below.

3. Every Disbursing Officer (Head of Office) shall prepare two statements in respect of his office, one in Form I and other in Form II In the case of the Mysore Government Secretariat, General Administration Department (Administration 2) Section will prepare the statements and forward them to the Director of Statistics on or before 1st May 1963

In Form I should be given information in respect of all regular employees (both part-time and full-time) who are working in the office (on 31st March 1963) including officials on leave or under suspension Persons who were borne on the staff of the office but are in foreign service on 31st March 1963 should on no account be included in the statement. The actual procedure in filling Form I consists in writing down the names of *all the employees working on 31st March 1963 inclusive* of officials on *all kinds of leave and suspension but excluding those in foreign service serially and filling* the particulars of post they hold against columns 3 to 8 and the particulars relating to them against Columns 9 to 22. The statements in Form I should be prepared in two parts, one including only the Gazetted Officers (Class I and II) and also vacant Gazetted posts; and the other relating to non-gazetted staff (Class III and IV) including vacant non-gazetted posts. The method of filling the particulars relating to the vacant posts is explained in paragraph 4 below. In entering the names of officials in column 2, first, all Class I Officers should be entered, next Class II Officers Similarly Class III officials should be followed by Class IV officials Officials working against leave or suspension vacancies (they may be either local candidates or regular ones) should also be included in this statement.

4. In the case of vacant posts, they are to be entered in Form I after the particulars of all the employees are entered. In column 2, the word 'VACANT' should be written in case of a vacant post. The designation of the vacant post and other particulars relating to the post should be written against columns 3 to 8. In the case of a post which is filled on "*Ex-Officio*" basis, the word "*Ex-Officio*" should be written in column 2 and the particulars relating to the post should be entered in columns 3 to 8 and the particulars of the incumbent need not be filled (as the same would be furnished against a post which he holds). Even in the matter of entering the vacant post, Class I posts should be written first followed by Class II and Class III followed by Class IV.

5. After preparing a statement in Form I in the manner indicated above, another statement in Form II showing in Part "A" the sanctioned strength of posts by Class of posts and the number of officials (including in Form I) who are on all kinds of leave on 31st March 1963 or under suspension and the number of officials (included in Form I) who are working on 31st March 1963 against leave or suspension vacancies (*i.e.*, substitutes) should be prepared The particulars in Part "A" relate to regular establishment only If there are no substitutes working in the office, the number of employees and vacant posts shown in Form I should be respectively equal to those shown against items 2 and 3 of Part "A" of Form II. This is true in case of each category of posts.

When there are some substitutes, then the total number of employees shown in Form I should be equal to the sum of the figures against items 2 and 3. This is true in case of each category of posts.

In Part 'B' the number of employees paid out of contingency and work charged personnel as on 31st March 1963 have to be mentioned only This does not have a counterpart in Form I Thus only the number of employees is to be furnished without any further details. In Part 'C' the particulars of vacancies that have occurred during the year ending 31st March 1963 is to be furnished under different items. There is no need for giving other particulars.

Both the statements (Form I and II) should then be forwarded to the District Officer concerned not later than the 15th April 1963. The District Officer in turn should forward all the returns of the officers of his District to the Director of Statistics on or before 1st May 1963.

6. Instructions for filling the *pro formæ* are also appended as a separate note.

7. Gazetted Officers should not send particulars of their service direct to the Director of Statistics as they are included in Form I.

8. A copy of letter forwarding the two Statements to the Director of Statistics should be forwarded by each District Level Officer to the Head of the Department concerned, so that the latter might watch the despatch of these statements from the subordinate offices and expedite their despatch in case they are not sent promptly.

9. All the Heads of Departments should send immediately a complete list of all the subordinate offices with the name of the concerned disbursing officers (or officer-in-charge), (2) District Officers, (3) Divisional Officers, (4) Officers-in-charge of independent establishments at the State Headquarters, which do not come under the jurisdiction of the District Officers, and (5) Name and designation of the officer responsible to send the returns in respect of their own Head Offices at the State Headquarters in the following form to the Director of Statistics to enable him to watch the receipt of returns. 3. In view of the prevailing emergency and the present difficult financial position of the State instructions have been issued in Government Order No. FD 189 BUD 62, dated 3rd December 1962 enforcing certain measures to effect economy in Government expenditure and the provisions asked for by the Departments under 'T.A', 'Contingencies', 'Other Charges', etc, have been reduced to some extent (not exceeding 10 per cent) based on the Budget provisions for the year 1962-63 under these heads. The Secretaries to Government, Heads of Departments and other Estimating Officers should see that the expenditure under several heads are strictly restricted to the Budget Provisions for 1963-64 and proposals for Additional/Supplementary Grants should not be sent up to Government The journeys of the Officers and staff of the Departments should be so regulated that maximum efficient work is attained with minimum number of tours Strict economy should be exercised in the expenditure under 'Contingencies' and 'Other Charges', etc, keeping in view the instructions issued in Government Order No FD 189 BUD 62, dated 3rd December 1962. No proposals for additional grants under these heads will be entertained by Government under any circumstances except where Government may direct additional expenditure. The Heads of Departments and other Estimating Officers should in no case incur excess expenditure over the Budget Grant in anticipation of either obtaining sanction for additional allotment or regularisation of the excess expenditure out of savings under other heads by way of reappropriation.

4. It has also come to the notice of Government that besides surrendering a portion of the original grant for 1962-63, in some of the cases, the additional grants obtained through the Supplementary Grants have not been utilised for the purpose for which they were obtained and even these have been proposed for surrender in certain cases This would show that the concerned Departments are not having a proper control over the expenditure and proposal for inclusion of Budget provisions are sent to Government without any proper scrutiny of the proposals received from the Subordinate Controlling Authorities, and in many cases

explanation for variations was very unsatisfactory and the Estimates sent to Finance Department in several stages revealed that they have not been scrutinised properly.

5. In view of the present difficult financial position of the State, economy in expenditure is of utmost importance and it is requested that the Secretaries to Government, Heads of Departments and other Estimating Officers will kindly co-operate and see that strict economy is enforced in incurring the expenditure provided for in the Budget Estimates for 1963-64 and strictly avoid coming up to Finance Department for additional grants. The Chief Engineers are particularly requested to note that Finance Department will not entertain any proposal for additional grant under any of the Public Works Heads .

The concerned Administrative Departments of Government should see that several Departments under their control will strictly restrict their expenditure to the provisions in the Budget for 1963-64 and in no case they should recommend provision of additional funds over and above the Budget Grants unless there are specific orders of Government sanctioning additional expenditure. The Heads of Departments may also please note that if any expenditure is incurred anticipating Government sanction for the expenditure or for additional funds, they would do so at their risk and personal responsibility.

OFFICIAL MEMORANDUM

No FD 36 RCE 62, DATED BANGALORE, THE 21ST MARCH 1963.

The Accountant General in his review of expenditure under contingencies in 1959-60 pertaining to purchase of furniture, has pointed out cases where purchases which should have been made through the Stores Purchase Committee were made

It is, therefore, directed that in future bills for purchases containing any such defects should not be cashed at the Treasury but returned to the Drawing Officers for supplying the omissions or for obtaining necessary sanction for the deviations

FINANCE SECRETARIAT

Issues Modifications in the procedure for disbursement of advances for construction, purchase, improvements, extension or repairs of houses and for purchase of Motor Vehicles which will come into force from 1st April, 1963.

OFFICIAL MEMORANDUM

No. FD 20 RFC 61, DATED BANGALORE, THE 8TH APRIL 1963.

In Notification No FD 20 RFC 61, dated 26th October, 1962, certain amendments to the rules governing the payment of advances for construction, purchase, improvement, extension or repairs of houses and for purchase of motor vehicles have been notified. The amendments referred to come into force from 1st April, 1963

2. The object of the amendments is to relieve the Deputy Commissioners of Districts from the responsibility of getting the relevant agreements or mortgage deeds executed by the Government servants drawing such advances. The agreements or mortgage deeds will hereafter be got executed by the Heads of Departments themselves in the case of advances sanctioned by the Government and by the sanctioning authorities in other cases.

3. The salient features of the modifications that will come into force from 1st April 1963 are explained below —

(*a*) **Advances sanctioned for House Building where a plot of land is to be acquired**—*vide* **Article 215(a) of M F.C.**—(1) After the advance is sanctioned, the Government servant concerned would have to execute the agreement in Form 11 M F C If the Head of his Office be not himself the Appropriate Authority, he will attest in the agreement as one of the two witnesses Thereafter, the bond should be sent to, or placed before, the 'Appropriate Authority' along with a Payee's Receipt in Form 3 M F C. signed by the Government servant, covering the first

instalment of the advance For the words 'Deputy Commissioner' in clause (5) of the bond form, the designation of the 'Appropriate Authority' would have to be substituted If the agreement is in order in all respects, the 'Appropriate Authority' would affix his signature thereto, for and on behalf of the Governor. He will retain the agreement with him and return the Payee's Receipt after affixing his countersignature thereon with an endorsement 'certified that agreement in Form 41 M.F C. has been executed by the loanee' In the case of non-gazetted Government servants, the Head of the Office concerned will also affix his signature to the Payee's Receipt endorsing thereon 'certified that the advance sanctioned and the amount authorised to be drawn has been noted in the register of this office' and then hand it over to the Payee for presentation at the Treasury for encashment Strict adherence to the limit of two months prescribed in Article 215(a)(i) of M F C for producing the documents indicated therein should be ensured

(ii) For drawing the second instalment, the applicant should of course, furnish to the Head of the Office the title deed of the plot acquired, the relevant plans approved by the Corporation or Municipality or Local Body concerned together with the mortgage bond in Form 38 M F.C. duly filled in and signed by him and with a probable estimate of the cost of the building. The Head of the Office who if he be not the Appropriate Authority himself, will sign in the bond as one of the two witnesses, after satisfying himself that the documents are all in order. He will then forward the same to the 'Appropriate Authority'. If after scrutiny of the title deed, the plans and estimates and the mortgage bond that authority is satisfied that the documents are all in order, he will sign the mortgage bond for and on behalf of the Governor and return the same for registration and transmission with the encumbrance certificate and the Payee's Receipt for the second instalment duly filled in and signed by the Payee On receipt of those documents, the Appropriate Authority will, after careful scrutiny, retain the mortgage bond and the encumbrance certificate for safe custody, and return the Payee's Receipt with his countersignature duly certifying therein that "the mortgage deed has been executed and retained in safe custody" If the loanee is a non-gazetted Government servant the Head of the Office will make the necessary entry in his registers and certify to that effect in the Payee's Receipt He will then deliver the Payee's Receipt to the Government servant concerned for presentation at the Treasury for encashment.

(iii) The next instalment of the advance will be claimed by the Government servant on a Payee's Receipt after the Head of his Office has inspected his building and is satisfied that the amount drawn previously has been fully spent The Head of the Office will forward the Payee's Receipt to the Appropriate Authority with his recommendation and the latter will return it with his countersignature under an endorsement "certified that I have satisfied myself that the amount drawn previously has been fully spent on the building The present instalment may be paid" In the case of non-gazetted Government servants the Head of the Office will thereupon make the necessary note in his registers, endorse the fact on the Payee's Receipt and hand it over to the Government servant for presentation at the Treasury for encashment

(iv) In the case of Gazetted Officers and in other cases where the advances are sanctioned by Government the Payee's Receipts after countersignature by the Appropriate Authority should be sent to the Accountant General for issuing the payment authority on the treasury

(*b*) **House Building Advance where the applicant already owns plot.**—(i) In this case, the applicant in whose favour the advance is sanctioned, should produce the title deed of the plot, plans as approved by the Corporation, Municipality or other Local Body concerned, together with the estimate of probable expenditure for construction of the Building to the Head of the Office and execute the mortgage deed in Form No 38 M F C. The Head of the Office, if he be not the

'Appropriate Authority', will after necessary scrutiny sign in the deed as one of the witnesses and forward the documents to the Appropriate Authority The latter will scrutinise the title deed, plans, etc., and if in order in all respects. sign the mortgage deed for and on behalf of the Governor and return the documents for registration of the mortgage deed and its retransmission with the encumbrance certificate and Payee's Receipt for the first instalment. When the documents are received, he will retain the mortgage deed and the encumbrance certificate for safe custody and return the Payee's Receipt with his countersignature as in the case of the second instalment referred to at (*a*) (ii) *supra*. The Payee's Receipt would then be delivered to the applicant by the Head of the Office after making necessary note in the registers of his office (in the case of non-gazetted officers) and making an endorsement thereon to that effect, *vide* sub-para (*a*) (ii) *supra* for presentation at the Treasury for encashment. The second instalment will be drawn on a Payee's Receipt, as in the case of the third instalment referred to under sub-para (*a*) (iii) *supra* The instructions laid down in sub-para (*a*) (iv) *supra* will also apply in the case of advances sanctioned to Gazetted Officers

(*c*) **House Purchase Advance.**—The applicant in whose favour the advance is sanctioned should execute an agreement in Form No. 41 M.F C before the Head of the Office. The Head of the Office, if he be not the Appropriate Authority himself, should satisfy himself that the agreement is in order, sign therein as one of the witnesses and send it to the Appropriate Authority along with the Payee's Receipt for the amount of advance furnished by the loanee The Appropriate Authority will check the agreement and if it is in order, sign it for and on behalf of the Governor and retain it in safe custody. Thereafter, he will return the Payee's Receipt to the Head of the Office with an endorsement signed by him that the agreement has been executed If the advance is sanctioned to a Non-Gazetted Officer the Head of the Office will in turn make necessary entry in his registers and after making an endorsement to that effect on the Payee's Receipt, hand it over to the applicant for presentation at the Treasury for encashment. The Head of the Office as well as the Appropriate Authority will be responsible to watch that the purchase of the House is effected within one month of the date of drawal of the advance Any failure should be reported by the Head of the Office to the Appropriate Authority for taking such action as is necessary for the recovery of the entire advance together with the interest accrued thereon Where the circumstances justify, extension of time not exceeding one month can be sanctioned by the Appropriate Authority. As soon as the acquisition of the House is completed, the applicant should furnish the mortgage deed In other respects the procedure indicated in sub-paras (*a*) and (*b*) *supra* will apply, *mutatis mutandis*

(*d*) **Advance for House Repairs, etc.**—In this case, the procedure applicable to the cases of advances sanctioned for House Building on plots already acquired will apply (*Vide* sub-para (*b*) *supra*).

(*e*) **Insurance of Houses.**—Special attention is drawn to the new provision in Article 214(*b*) M F C. in regard to insuring the houses purchased or built out of the advances and furnishing to the Accountant General an annual certificate by the Appropriate Authority of the strict fulfilment of those provisions.

(*f*) **Motor Car or Motor Cycle Advances** —In these cases also the mortgage deeds will be executed before the Head of the Office or the Appropriate Authority as in the case of advances for house purchase or construction, etc , and the Payee's Receipt sent to the Accountant General duly countersigned, by the Appropriate Authority in token of the bond having been executed, for authorising payment

4. The Head of the Office under whom the Government servant drawing an advance, is serving will be responsible under the direction of the Appropriate Authority to watch the construction/purchase/repairs, etc., of the buildings or purchase of vehicles for which advances are drawn and for initiating appropriate

action in time in case of defaults or misuse of the advances drawn The register of persons to whom House Building Advances have been granted, prescribed under Rule 217(4) M.F.C. will be maintained by the Head of the Office concerned who should get from the debtors quarterly statements of progress of construction The certificate to be furnished to the Accountant General on completion or purchase of a house, *vide* Rule 217(4) M F C , should be prepared and signed by the Head of the Office himself and sent to the Appropriate Authority who will countersign it and pass it on to the Accountant General. In other respects the existing procedure will continue

5 The documents connected with the grant of these advances will be deposited in safe custody by the Appropriate Authority. They need not be sent to the Treasury for safe custody. The responsibility of releasing such bonds after the loans are cleared will devolve on the Appropriate Authority, the initiative being that of the Head of the Office concerned, where he is not himself the Appropriate Authority.

Issues instructions for guidance of competent authorities in the matter of orders of dismissal, removal or compulsory retirement of Government servants from service set aside by Courts

OFFICIAL MEMORANDUM

No. GAD 6 SIN 62, DATED BANGALORE, THE 2ND—29TH APRIL 1963
(CHAITRA 12—VAISHAKHA 9, SAKA ERA 1885)

It has been brought to the notice of Government that in many cases there has been undue delay on the part of competent authorities in taking appropriate action whenever an order dismissing, removing or compulsorily retiring a Government servant from service has been set aside by Courts. Delays in such cases are not excusable. In order to ensure that delays in such matters do not occur, Government are pleased to issue the following instructions for the guidance of competent authorities

2 According to sub-rule (4) of Rule 10 of the Mysore Civil Services (Classification, Control and Appeal) Rules, 1957, when a penalty of dismissal, removal or compulsory retirement from service imposed on a Government servant is set aside or declared or rendered void in consequence of a decision of a Court of Law, if the Disciplinary Authority, on a consideration of the circumstances of the case, decides to hold a further enquiry, the Government servant shall be deemed to have been placed under suspension by the Appointing Authority from the date of the original order of dismissal, removal or retirement and shall continue to remain under suspension until further orders. Consequently, the question of reinstatement of the concerned Government servant should be decided after considering the

feasibility of holding a fresh or a further enquiry into the matter. There may be cases where the competent authority finds that it is not expedient to hold a fresh or further enquiry because by lapse of time, evidence which was originally available is no longer available. In such cases, a decision should be taken, and where the original order had been the subject matter of an appeal to a higher authority with the approval of that authority, and the Government servant should be reinstated as soon as possible after the orders of the Court.

3. In cases where it is decided to hold a fresh or a further enquiry, it is open to the competent authority to reinstate the Government servant concerned if his continuance on duty would not prejudice the fresh or further enquiry so instituted or the gravity of the misconduct is not such as to be in-expedient in public interests to allow him to hold office. The important question will be whether in the light of the charges, the Government servant may be allowed to function in office or should be continued under suspension. Any decision for reinstatement depends on the decision of the competent authority on this question.

4. Where an appeal is preferred against the decision of the Court, no action should be taken under these instructions except with the approval of the Government.

5 The above instructions should be followed scrupulously and no delay should be allowed to occur between the date of the direction of a Court and action by the competent authority consequent upon the decision.

K. NARAYANASWAMY,
Chief Secretary to Government.

Measures to enforce economy in Government expenditure—Reduction in incidental charges by Railway journeys on tours of Government Servants

OFFICIAL MEMORANDUM

No FD 189 BUD 62, DATED BANGALORE, THE 5TH MAY 1963

In Government Orders No FD 189 BUD 62, dated 3rd December 1962 and 29th January 1963 it was directed that incidental charges allowed for journeys by railway payable to Government servants for their journeys on tour should be reduced by 25 per cent and that the Drawing and Countersigning Officers will be responsible to see that these instructions are enforced strictly with retrospective effect from 3rd December 1962

A doubt has been raised whether these orders are applicable to non-official members of Councils, Committees, Conferences and other bodies constituted under the authority of Government, whose travelling allowance is regulated under the rules in the Annexure to M.C S Rs This question has been considered by Government and it has been decided that no difference should be made between officials and non-officials regarding economy measures. It is therefore directed that the orders relating to the reduction of incidental charges by railway by 25 per cent be made applicable to non-official members of Councils and Committees, etc , also This need not have retrospective effect.

By Order and in the name of the Governor of Mysore,

T K RANGARAJA IYENGAR,
Under Secy to Govt., F. D. (Budget).

Purchase of PVC wires and cables manufactured by 'REMCO' by Government Departments

OFFICIAL MEMORANDUM

No. CI 39 MSP 63, DATED BANGALORE, THE 27TH APRIL 1963
(VAISHAKHA 7, SAKA ERA 1885)

The Radio and Electricals Manufacturing Company Limited which is a Government Company, has been manufacturing PVC insulated cables and wires in various sizes and voltages.

With a view to extending the maximum benefit to Government Departments, the Company has reserved the right of making sales direct to consumers within the State in order to avoid the incidence of distributor's commission falling on consumer Departments of Government, and the benefit is passed on to the consumers. A discount of 10 per cent on the published list prices is passed on also to all Government undertakings

It is reported that the prices of cables offered by 'REMCO' are quite competitive with the products of other standard manufacturers. The Government Departments are permitted to purchase their requirements of wire and cables without approaching the Stores Purchase Committee or calling for quotations, for one year in the first instance, the position being reviewed thereafter

Insurance of property or goods under the direct or indirect control of Government with the Indian Insurance Companies' Association Pool—Abolition of the Marine Insurance Fund of the India Store Department, London

OFFICIAL MEMORANDUM

No. FD 1674-W1 63, DATED BANGALORE, THE ... TH APRIL 1963.

The accompanying Office Memorandum No. PII-15(5)/60, dated the 4th March 1963 received from the Government of India, Ministry of Economic and Defence and Co-ordination (Department of Supply), New Delhi, on the above subject, is hereby republished in continuation of O. M. No. FD 3435/W1-62, dated the 9th July 1962.

GOVERNMENT OF INDIA.

MINISTRY OF ECONOMIC & DEFENCE & CO ORDINATION.

(Department of Supply)

No PII-15(5)/60. *New Delhi, Dated the 4th March 1963.*

OFFICE MEMORANDUM.

Subject.—**Abolition of Marine Insurance Fund of the India Store Department, London.**

The Marine Insurance Fund of the India Store Department, London was established several years ago primarily for the purpose of providing compensation to Indentors for loss and/or damage sustained to their goods during ocean voyage where the claims for such losses or damages are not enforceable on either the Carrier or the Supplier. For this purpose a fixed percentage (0 1%) is set aside from the departmental charges levied on the Indentors for arranging shipment on their behalf and the amount so collected forms the Marine Insurance Fund. This Fund was being operated upon on a year to year basis and any debits or credits at the end of each financial year were passed on to the Consolidated Fund of India.

2. This Ministry, in association with the Ministry of Finance (Department of Insurance), have recently reviewed the scope and utility of the Marine Insurance Fund in the light of the problems encountered by the India Store Department from time to time in operating the Fund It has been observed that in practice the Fund was not able to admit all types of claims which normally arise during an ocean voyage, since it covers risks only under very limited circumstances It was also felt that so far as Government cargo was concerned, the Government itself does not derive any benefit from

the operation of the Fund because on the one hand it pays premium by way of departmental levy and on the other recovers losses from the Fund. Thus the transactions of the Fund, for all intents and purposes, so far as the Central Government is concerned, are book adjustment transactions. Apart from the above considerations, administratively also, the provisioning of insurance cover to Indentors is not the normal function of the Central Purchase Organisation and the existence of the Fund itself is considered unnecessary particularly as the risks involved do not warrant any departure from the normal policy of Government as self-insurer

3. In view of the reasons stated in the foregoing para, Government consider that no useful purpose would be served in continuing the Marine Insurance Fund and it has therefore been decided that with effect from 1st April 1963, the Fund should be treated as closed. No claims for damages or losses will be entertained by the India Store Department, London from the Marine Insurance Fund for shipments made by that Department after 31st March 1963. In view of the decision taken to abolish the Marine Insurance Fund, all State Governments, Autonomous Government Bodies and Corporations, etc., who utilise the services of the India Store Department for the procurement or shipment of stores, should now consider the desirability of making their own arrangements for insurance, either by way of self-insurance or by insuring their goods with the Indian Insurance Companies Association Pool or in the open market. Such insurance arrangements it is considered would be found more satisfactory from the point of view of flexibility and comprehensiveness. The policy of Government, however, continues to be not to insure Government property and if at all any insurance is considered necessary, it should be done with the Indian Insurance Companies Association Pool.

4. In regard to the levy of departmental charges by the India Store Department, London, as notified in Ministry of Works, Housing and Supply O.M. No. PII-15(5)/61, dated the 4th April 1961, in view of the abolition of the fund, the fixed percentage of levy of 0.1% hitherto set aside for the Marine Insurance Fund out of the Departmental Charges for shipment services, would now cease to be recovered and the departmental charge for arranging shipment would be made at 0·5% (in lieu of 0·6%) in the case of F.O.B. contracts and 0.4% (in lieu of 0.5%) in respect of C. & F./C.I.F. contracts.

5. All orders issued from time to time in regard to the Marine Insurance Fund would now cease to be operative on implementation of these orders.

6. The above orders may be brought to the nature notice of Indenting Officers immediately, under intimation to this Ministry.

(Sd) R DAYAL,
Under Secretary to the Govt of India.

Balance at the end of the year	.		2,407

Escapes—There were 22 prisoners at large at the beginning of the year, under report and 4 prisoners escaped during the year making a total of 26 prisoners of whom 4 prisoners were recaptured, leaving a balance of 22 prisoners at the end of the year Suitable punishment was inflicted on the delinquent persons

Jail Offences.—One hundred major prison offences and 157 minor offences were committed by prisoners during the year under report and disciplinary action was taken against the offending prisoners under Jail Manual Rules of the several integrated areas

Convict Officers—The total number of convicts employed as convict officers in all the Jails during the year under report was 1,163 Males The average number so employed, did not exceed the limit prescribed in the several Jail Manual Rules in force in the State.

Expenditure.—The total expenditure incurred during the year under report for guarding and maintaining prisoners in Jails was Rs 19,84,206-73 nP as against Rs 20,56,980-18 nP. during the previous year. The average cost of maintenance per prisoner per year was Rs. 473-43 nP as against Rs 465-85 nP during the previous year. The increase in expenditure was due to the amenities provided to the prisoners and due to the rise in the price of the articles of food

The total expenditure incurred in the case of Sub-Jails and Lock-ups during the year under report was Rs 5,51,340-67 nP. as against Rs 3,81,100-85 nP during the previous year and the average cost of maintenance per prisoner per annum was Rs 612-28 nP as against Rs. 310-94 nP during the previous year

General.—Literacy classes were conducted regularly for the benefit of the prisoners both by the Departmental Teachers and Convict Teachers The prisoners at the Central Prison, Gulbarga were allowed to sit for Hindi Examinations. Instead of sectarian moral instructions imparted to the prisoners non-sectarian instructions were imparted to them and the policy of Government continued to be one of reformation and rehabilitation of prisoners. To achieve this object, Government started various industries in the Jail so that the prisoners may acquire particular avocations which would go a long way in rehabilitating them after release The wage earning scheme was introduced as an experimental measure for payment of wages to prisoners employed to work in the various trades at the Central Jail, Bangalore, dividing the prisoners into three categories—Skilled, Semi-skilled and Unskilled and they were paid wages at 50 nP., 35 nP and 25 nP. a day, respectively Under this scheme, the prisoners were allowed cash payment of 50 per cent and the balance was allowed to go to their account to be paid at the time of release and Government sanctioned canteen facility to the prisoners as an adjunct to the wage scheme.

The classification of prisoners for purposes of study and treatment in Jails on psychological basis was beneficial in reforming the prisoners and to mend their behaviour and thereby to reduce prison offences. Hardened habituals were confined at the Central Jail, Bellary

The Warder Staff at Major Institutions were given "in service" training by the Jail Officers at the respective Institutions. As an experimental measure, wearing of garments of their choice by the prisoners in a particular institution was permitted. Interviews with parents, husband or wife, daughter and son were relaxed at intervals of a fortnight and with others, once in two months.

For the first time in the annals of the Prisons Administration in Mysore, the Mysore State Prisoners Sports Meet was conducted at Bangalore in the month of August 1960 and 250 prisoners drawn from Major Jails participated The Chief Minister distributed prizes to winners and the Deputy Home Minister presided over the function In this occasion the conference of Jail Superintendents was held to discuss the day-to-day problems in the Jail Administration and it was addressed by the Deputy Home Minister and the Home Secretary

The working of the Prisons Department during the year under report was on the whole satisfactory

PUBLIC HEALTH, LABOUR AND MUNICIPAL ADMINISTRATION SECRETARIAT

Security Deposits from Municipal Contractors.

READ—

Letter No 1489/AUD 3/CSA, dated 27th March 1962, from the Controller, State Accounts Department, Bangalore.

PREAMBLE —

The Controller, State Accounts Department states that according to Rule 307 of the Municipal Accounts Manual in respect of all Municipal works executed by Contractors, security should be taken for the due fulfilment of the contract and this should be either in the shape of a lumpsum recovery or a deduction of 10 per cent made from the payments due from time to time on account of work done. But the procedure that is actually adopted by most of the Municipalities is the one that was being followed in the Public Works Department, *viz.*, 5 per cent Deposit is taken as earnest money deposit and 5 per cent is recovered from the running Bills of successful contractors. Thus a total of 10 per cent is held in deposit as security.

In this connection he has invited reference to G.O. No. PWD 98 ORG 58, dated 18th September 1959 prescribing rules for the registrations of contractors in the Public Works Department that a deposit of $2\frac{1}{2}$ per cent of the estimated cost of the work has to be made while offering tenders and a further deduction of 5 per cent is to be made from the running bills of the contractors. This is against the previous provision for recovery of 10 per cent security deposit obtaining earlier. In view of this concession allowed in the Public Works Department it is reported that the contractors taking up municipal works have asked for similar concessions. He therefore requests that orders of Government may be obtained on the demand for such concessions

ORDER No. PLM 58 MAD 62, DATED BANGALORE, THE 8TH FEBRUARY 1963.

After due consideration of the proposal of the Controller, State Accounts Department, Government are pleased to order that since uniformity in security deposits is desirable *vis-a-vis* Municipalities and the Public Works Department in order that contractors might not feel discriminated against, the request of the Municipal Contractors is accepted and the prescribed procedure in the Public Works Department may be adopted in the case of contractors entrusted with Municipal Works also.

The Controller, State Accounts Department is requested to issue necessary correction slips to Rules 306(c) and 307 of the Municipal Accounts Manual

By Order and in the name of the Governor of Mysore,

H. L LINGARAJ URS,

Deputy Secretary to Government,

COMMERCE AND INDUSTRIES SECRETARIAT

Re-organisation of the Department of Industries and Commerce.

READ—

1 Government Order No CI 78 RET 59, dated 24th October 1959

2 Government Order No CI 78 RET 59, dated 15th December 1959

PREAMBLE—

The Industries and Commerce Department was re organised with effect from 2nd January 1960, in accordance with the Government Order, dated 24th October 1959, referred to above. Early in 1962, the work study of the Industries and Commerce Department was taken up by the Special Re-organisation Unit of the Ministry of Finance, Government of India, at the request of the State Government with a view to further streamlining the Department and effecting necessary organisational changes in order to make the Department more efficient and useful

2 The recommendations of the Work Study Team of the Government of India, have been examined in detail and Government have decided to re-organise the Industries and Commerce Department on the basis of the suggestions made by the Work Study Team, with certain modifications.

3. The following suggestions of the Work Study Team have been generally accepted —

(1) Constitution of Officer-oriented Cells in 8 Sections of the Directorate,

(2) Creation of an Inspection Wing and Efficiency Cell,

(3) Creation of an Industrial Co-operative Division and absorption therein of Spinning Mills Division,

(4) Establishment of an Enquiry Counter,

(5) Re-organisation of planning and evaluation work, the work of Chief Planning Officer being entrusted to Officers with research experience with applied Economics and abolition of Technical Guidance Cell,

(6) Rationalising the periodicity of inspection of Units in respect of Essentiality Certificates.

ORDER NO CI 185 MCI 62, DATED BANGALORE, THE 23RD JANUARY 1963 (MAGHA 3, SAKA ERA 1884).

Government are pleased to sanction the re-organisation of the Department as detailed hereunder —

1. A Co-operative Wing shall be created in the Directorate of Industries and Commerce, so that proper impetus may be given to the development of Industrial Co-operatives by bringing into one fold the staff for organising the Co-operatives as also for their inspection, audit and supervision The Officer to be placed in charge of the Co-operative Wing will be designated as Joint Director of Industries and Commerce and *Ex-officio* Joint Registrar of Industrial Co-operatives and shall work under the Director of Industries and Commerce administratively and for purposes of the Co-operative Act and Rules he shall derive powers from the Registrar of Co-operative Societies

2. There shall be two other Joint Directors of Industries and Commerce, one of whom shall be in charge of Administration and the other shall be in charge of Rural Industries and Small Scale Industries and he shall also be the *Ex-officio* Controller of Civil Supplies

3 With the creation of a Co-operative Wing in the Directorate of Industries and Commerce, it is considered advisable, as a temporary measure, to post Assistant Registrars of Co-operative Societies to be in charge of the Districts, for attending to the registration, supervision and audit of Industrial Co-operatives, under the Joint Director and *Ex-officio* Joint Registrar, till officers of the Industries and Commerce Department are trained in the Co-operative work and appointed to such posts. Accordingly, 8 Assistant Registrars of Co-operative Societies shall be drawn from the Department of Co-operation and posted to the Districts for attending to the registration, supervision and audit of Industria

Co-operatives There shall be 12 Assistant Directors of Industries and Commerce drawn from the Department and posted to the remaining Districts, who will be in charge of other items of work. The two sets of officers will be so distributed that there is either an Assistant Director or an Assistant Registrar in charge of a District, as detailed in Annexure I. There will thus be 20 District Officers in all

4 The Joint Director and *Ex-officio* Joint Registrar of Industrial Co-operatives shall be assisted by two Deputy Registrars in charge of two regions, namely, Northern Region and Southern Region The Headquarters of the Deputy Registrars and their jurisdiction shall be as shown in Annexure II

5 After the creation of the Co-operative Wing consisting of Joint Director and *Ex-officio* Joint Registrar assisted by two Deputy Registrars the post of Special Officer, Co-operative Spinning Mills shall be abolished In order to attend to the work connected with the Co-operative Spinning Mills, one Assistant Registrar of Co-operative Societies will be posted with necessary ministerial staff and his office shall be located at Dharwar, his work being supervised by the Regional Deputy Registrar.

6. At present, two Special Officers are in charge of the Pilot Centres for intensive experimentation of the Reserve Bank of India Scheme for Handloom Co-operatives in Bijapur and Chitradurga Districts These officers in addition to their work in the Pilot Centres will work as Assistant Registrars of the Districts concerned

7 The Work Study Team examined the working of the office of the Assistant Director, Mysore, and their recommendation that the existing set-up in all the Districts may remain unaltered for the time being except for some minor changes, is accepted.

8. As recommended by the Work Study Team, the Survey of Industries in the State shall be entrusted to a High Power Team and not the Technical Guidance Cell, as at present constituted, and, accordingly a Planning and Statistics Cell shall be constituted in the Directorate under a Chief Planning Officer who will be in charge of perspective planning, survey of industries and also annual programmes of development He will be assisted by two Class II Officers—one a Research Assistant and another an Assistant Statistician, with 4 Investigators

9. It has been found that while a number of schemes are in operation to give impetus to the development of Industries, there is no proper agency other than the Assistant Directors of Industries of the Districts to inspect the Industrial Co-operatives and see that the funds allotted for the purpose are properly utilised. It is, therefore, decided to set-up an Inspection Wing with an Efficiency Cell, as part thereof, which shall be in charge of a Deputy Director. Among other functions, the Inspection Wing shall check upon the utilisation of monetary and other facilities given by Government in aid of Industries whether in the private, public or co-operative sectors The Audit Cell shall be under the control of this Deputy Director

10. A Public Relations Cell shall be set up in the Directorate with an Enquiry Counter. It will be the responsibility of the Cell to maintain proper public relations and also to bring out brochures, articles and other literature for the information of the public An Assistant Director will be placed in charge of this Cell with an Information Officer (Class II) to assist him in the preparation of brochures, etc

11 In the re-organised set-up of the Directorate, there will be a Co-ordination Section consisting of a Senior Assistant Director to be designated as Assistant Director of Co-ordination with necessary ministerial staff to deal with subject common to the three Wings of the Directorate.

12. The post of Stenographer attached to the Director of Industries and Commerce shall be upgraded to the post of Personal Assistant in the grade of Rs 250-20-350-25-500

13. Gazetted and Non-gazetted posts existing in the Department as at present are shown in Annexure V

14 The Gazetted and Non-gazetted posts in the Department after re-organisation are shown in Annexure III.

15. Arising out of this re-organisation, the posts in Annexure IV will be abolished

16 The Director of Industries and Commerce should take steps to absorb surplus staff on the following lines —

(1) Officers on deputation from the Revenue Departments be reverted to their parent department,,

(2) No further recruitment may be made in respect of such cadres for which there is surplus until all the surplus staff is absorbed ,

(3) Temporary officials and local candidates be relieved after due notice; and

(4) The surplus technical staff be absorbed in training and administration centres The others may be absorbed in other Departments where there are vacancies

17. Till such time as the various officials are retrenched or absorbed elsewhere the posts held by them shall continue on a temporary basis until further orders or for a period of six months from the date of re-organisation, whichever is earlier

18. These orders are not applicable to the Extension Officers under the N.E S. Blocks and the Pilot Project Ramanagaram, Chamarajendra Technical Institute, Mysore, the Rural Artisan Training Institutes, Model Carpentry and Smithy Centres and other Centres under Small Scale Industries and Handicrafts Schemes, etc

19 Separate orders of Government will be issued as regards the other recommendations of the Work Study Team for improvement of work in the Directorate

20. Orders will issue separately regarding posting of Officers under the re-organised set-up.

21 These orders will come into force with effect from 1st February 1963

By Order and in the name of the Governor of Mysore,

S. N KALABHAIRAVAN,

Under Secretary to Government,

PUBLIC HEALTH, LABOUR AND MUNICIPAL ADMINISTRATION SECRETARIAT

Security Deposits from Municipal Contractors.

READ—

Letter No. 1489/AUD 3/CSA, dated 27th March 1962, from the Controller, State Accounts Department, Bangalore.

PREAMBLE —

The Controller, State Accounts Department states that according to Rule 307 of the Municipal Accounts Manual in respect of all Municipal works executed by Contractors, security should be taken for the due fulfilment of the contract and this should be either in the shape of a lumpsum recovery or a deduction of 10 per cent made from the payments due from time to time on account of work done. But the procedure that is actually adopted by most of the Municipalities is the one that was being followed in the Public Works Department, *viz*, 5 per cent Deposit is taken as earnest money deposit and 5 per cent is recovered from the running Bills of successful contractors Thus a total of 10 per cent is held in deposit as security.

In this connection he has invited reference to G.O No. PWD 98 ORG 58, dated 18th September 1959 prescribing rules for the registrations of contractors in the Public Works Department that a deposit of 2½ per cent of the estimated cost of the work has to be made while offering tenders and a further deduction of 5 per cent is to be made from the running bills of the contractors. This is against the previous provision for recovery of 10 per cent security deposit obtaining earlier. In view of this concession allowed in the Public Works Department it is reported that the contractors taking up municipal works have asked for similar concessions. He therefore requests that orders of Government may be obtained on the demand for such concessions

ORDER No. PLM 58 MAD 62, DATED BANGALORE, THE 8TH FEBRUARY 1963.

After due consideration of the proposal of the Controller, State Accounts Department, Government are pleased to order that since uniformity in security deposits is desirable *vis-a-vis* Municipalities and the Public Works Department in order that contractors might not feel discriminated against, the request of the Municipal Contractors is accepted and the prescribed procedure in the Public Works Department may be adopted in the case of contractors entrusted with Municipal Works also.

The Controller, State Accounts Department is requested to issue necessary correction slips to Rules 306(c) and 307 of the Municipal Accounts Manual

By Order and in the name of the Governor of Mysore,

H. L. LINGARAJ URS,
Deputy Secretary to Government,
Public Health, Labour and Municipal Administration Department.

PREAMBLE—

In pursuance of the Government Order No AF–237 AAE 59, dated 18/30th August 1960, instructing the Director of Agriculture among other things, to submit further proposals to reorganise the Agricultural Engineering Section of the Agriculture Department, the Director of Agriculture has submitted the proposals explaining the need for its reorganisation as per the proposition statement annexed

2 It is seen from these proposals that the Agricultural Engineering Section of the Old Mysore set up could hardly be expected to discharge the present increased responsibilities Even the Agricultural Engineering staff transferred from the other integrated areas, consequent on the State Reorganisation, either singly or together can present a rational set up capable of handling the various activities of the section in these areas

3 The Government of India, in pursuance of the Five Year Plan Programmes, have been urging the State Government for the implementation of several recommendations of the Planning Commission, laying emphasis on the importance of Agricultural Engineering in adopting new trends and developing improved methods in Agriculture In order to implement these recommendations, the reorganisation of Agricultural Engineering Section cannot be further postponed if Plan Targets have to be achieved

4 In the circumstances, it is found quite necessary to reorganise this Division of Agricultural Engineering to the extent needed, to cover the activities on hand, taking into consideration, the present strength and the financial resources that could be available, The proposed reorganisation attempts to provide for smaller units of such technical and other staff on a rational basis, as is needed for a particular activity in a particular area It is also proposed to make permanent, some of the temporary establishments which are likely to be continued for a longer period in order to extend the benefits of permanent service to the incumbents borne on these establishments

5 To cover the Civil Engineering duties under Agricultural Engineering in the integrated areas, it is proposed for an Additional Sub-Engineer For close and effective supervision of the Departmental Civil Works in the State, it is also proposed for a post of an Assistant Agricultural Engineer (Civil) To deal with the technical matters connected with the Co-operative Lift Irrigation Schemes, it is proposed for a post of Junior Engineer against the existing post of a Mechanical Supervisor

6 Under the activity of "oil engine pump sets–hiring and installation", the existing strength of staff is examined with reference to the present need and is reallocated This reallocation has resulted in reduction of the existing strength of staff and consequent savings

7 The staff in General Stores, is proposed to be slightly strengthened To cope up with the increased transactions and proper maintenance of stores accounts, and for proper scrutiny of the spare parts indented, received and distributed, a Foreman, Supervisor (Inspection) is proposed besides an additional Clerk and a Typist

8. Under "Well-boring and maintenance of boring machines", certain superfluous technical staff is surrendered, with a view to provide for adequate operational staff to man the available equipment

9 Under "Transport Services", the proposal explained is for the continuance of existing lorry services even under the changed conditions and it is considered possible to retrench only fourteen cleaners, as services of Drivers are needed not only for the twelve lorries to be continued, to be maintained for miscellaneous transport duties but also to provide the services of the Drivers for other vans and jeeps in use

10 Certain new establishment is proposed for the development, popularisation and demonstration of the use of Improved Agricultural Implements.

11 The temporary staff under Government Lift Irrigation Scheme is proposed to be continued unaltered, pending orders of Government on a separate proposal already before Government for examination to transfer these schemes to Public Works Department

12 The Supervision, Co-ordination and administration of the various activities of Agricultural Engineering at the State level vested with the Agricultural Engineer in the Old Mysore set up is continued even after integration So also under the new set up, the Agricultural Engineer will be responsible for supervision, administration and guidance of the technical activities of varied nature, at all levels, with jurisdiction over the entire State These activities of highly technical nature require the services of an efficient Agricultural Engineer, with thorough knowledge in Agricultural Engineering. As these activities extend over the entire State involving considerable financial outlay

under these programmes, the Agricultural Engineer in charge of these activities should have adequate status in consonance with the responsibility attached to his office. It is therefore, necessary that the post should carry a grade commensurate with the responsibilities With the appointment of this Officer, the Director of Agriculture will also be relieved of the responsibilities of routine administration under Agricultural Engineering Hence, the post of Superintending Agricultural Engineer is proposed in lieu of the post of Agricultural Engineer Further as a measure of economy the post of a Service Engineer in the grade of Rs 400-900 is proposed against the existing vacant post of Assistant Operating Engineer, carrying an equated scales of pay of Rs. 600-1,000

13 Besides the above minor changes in staff pattern at State level, the Central Office is also proposed to be strengthened with a few ministerial hands to cope up with the increased routine work in the office effectively

14. The average cost of existing establishment involved in the Reorganisation at the equated scales of pay and allowances as applicable and sanctioned in Government Order No PD-17 SRP(I) 61, dated 27th February 1961, works out to Rs 2,11,139 (Rupees two lakhs eleven thousand one hundred and thirty-nine) as against a total proposed cost of Rs 3,03,949 (Rupees three lakhs three thousand nine hundred and forty-nine) Thus it involves an extra cost of Rs 92,810 (Rupees ninety-two thousand eight hundred and ten) (approximate) per annum, which includes an expenditure of Rs 59,271 (Rupees fifty-nine thousand two hundred and seventy-one) towards the establishment proposed for popularisation of improved Agricultural Implement (a new item). The extra expenditure is proposed to be met out of the general savings of the Department for the current year and necessary provision being made in the budget for subsequent year

ORDER NO AF 177 AAE 61, DATED BANGALORE, THE 1ST FEBRUARY 1963 (MAGHA 12, SAKA ERA 1884).

After careful consideration of these proposals of the Director of Agriculture, Government accept the proposals of the Director of Agriculture and are pleased to sanction the Reorganisation of the Division of Agricultural Engineering with scales of pay indicated in the proposition statement annexed to this Government Order, subject to the following conditions —

(i) As a separate scheme is under consideration for implementation of the programme of work under popularisation of Improved Agricultural Implements in the State, the proposals pertaining to the item "h-Agricultural Engineering, General B-Temporary Establishment (i) Popularisation of the Improved Agricultural Implements" be deleted

(ii) When the staff referred to in para 1(i) above is deleted, the expenditure gets reduced by about Rs 59,000 (Rupees fifty-nine thousand) and this would result in a cost of Rs 33,000 (Rupees thirty-three thousand) (approximate) This extra cost should be shifted to the Plan Scheme of strengthening of Agricultural Engineering Section, and brought within the Plan ceiling of Rupees two lakhs already provided for in the Plan If there is any excess, the Director of Agriculture should meet it by reappropriation from within the overall Plan ceiling under "Agriculture"

2 The establishment noted under "h-Agricultural Engineering Part 'A'" of the proposed scale in the proposition statement shall be permanent while the staff under Part "B" shall continue as temporary establishment and the entire establishment would remain on provincial cadre as hitherto and shall be allocated by the Director of Agriculture to the different districts, and divisions and their headquarters fixed according to the need from time to time.

3. The employees holding the existing posts but retrenched as a result of this organisation may either be absorbed in suitable vacancies created under this sanction or the Director may take action to post them to suitable vacancies existing under the various other schemes of the Department.

4 The Director of Agriculture is requested to keep in view the economy measures in force in the matter of purchase of office equipment and furniture, while sanctioning the same for the newly created posts

By Order and in the name of the Governor of Mysore,

V M. LINGIAH, *Deputy Secy. to Govt, A. & F D.*

No. FD 156 RFC 62, DATED BANGALORE, 16TH MAY 1963
(VAISHAKHA 26, SAKA ERA 1885).

A question has been raised whether an officer placed in charge of the current duties of a post either independently or in addition to the duties of his regular post can exercise the financial powers delegated to the regular incumbent of the post.

2. It is hereby clarified that in all such cases, officers placed in charge of current duties of a post, in the absence of specific directions to the contrary, shall be competent to exercise all administrative and financial powers vested in the regular incumbent of that post. Such an officer should not, however modify or over-rule the orders already passed by the regular incumbent of the post, except in an emergency, without obtaining the orders of the next higher authority.

3. Such an officer cannot exercise statutory powers, conferred on the regular incumbents of the posts, whether those powers are derived under an Act or rules, regulations or bye-laws made thereunder or under statutory rules made under the various Articles of the Constitution of India (*e.g.*, Mysore Civil Services Rules, Mysore Civil Services Classification, Control and Appeal Rules, etc.)

4. This order issues in supersession of Official Memorandum No. FD 156 RFC 62, dated 27th November 1962.

2. Government Order No. CI 66 RCI 61, dated 12th January 1962
3. Government Order No CI 88 RCI 62, dated 5th November 1962.
4. Letter No. TRR/39/62-63, dated 5th February 1963 from the Joint Director of Industries and Commerce (R.I.).

PREAMBLE—

In the Government Orders cited first and second, sanction was accorded to the continuance of the Rural Artisan Training Institutes, sanctioned under the first, second and third phases of the reorganisation of the Training Centres of the Department of Industries and Commerce, till 31st March 1963 pending decision of Government on the report of the Resources and Economy Committee

2 In this connection, the Resources and Economy Committee had observed (on page 209 of its report) that twenty-one Rural Artisan Schools are being run by the Department, that the type of training given in these Centres is unsuited to the present phase of industrialisation in the State, that since the work relating to training in artisanship falls within the purview of the State Khadi and Village Industries Board for which Central grants are given, the Committee saw no need for the State Industries Department to run the Training Centres. The Committee, therefore, suggested that the existing Centres be closed down and handed over to the State Khadi and Village Industries Board This recommendation was examined in consultation with the Director of Industries and Commerce who opined that the training that is at present given in the Rural Artisan Training Institutes relates to trades which do not come within the purview of the Khadi and Village Industries that the Training Centres were reorganised only two years back on the recommendations made by the State Government, that the training imparted is almost similar to that recommended by the Rajnath Committee appointed by the Ministry of Community Development and Co-operation, Government of India, that the usefulness of these Training Centres is being studied and action is being taken to make them more purposeful and useful to the rural areas eliminating wastage wherever possible and that the State Khadi and Village Industries Board is also unlikely to be willing to take over the Centres and run them from their funds as no Central assistance is forthcoming for running these Training Centres. He recommended, therefore, that the Centres may continue to remain under the administrative control of the Department of Industries and Commerce The Commerce and Industries Department agree with the abovementioned views of the Director of Industries and Commerce and it was decided that it may not be practicable to close down the Rural Artisan Training Institutes and hand them over to the State Khadi and Village Industries Board as suggested by the Resources and Economy Committee.

3 In the Government Order cited third, sanction was accorded to the reorganisation of the Rural Artisan Training Institutes involving, *inter alia*, the abolition of the Tailoring Craft from 1963–64 and extending the training in some of the crafts from one year to two years

4 The Joint Director of Industries and Commerce (Rural Industrialisation) has, in his letter cited fourth, reported that action is being taken to modify the syllabus of the Rural Artisan Training Institutes to suit the training under the reorganised set-up sanctioned in the Government Order cited third which will be implemented with effect from April 1963 The Joint Director has, therefore, recommended that the Rural Artisan Training Institutes may be continued beyond 31st March 1963 on a permanent basis

ORDER NO CI 14 RCI 63, DATED BANGALORE, THE 16TH MARCH 1963 (PHALGUNA 25, SAKA ERA 1884).

Sanction is accorded to the continuance of the Rural Artisan Training Institutes under the Department of Industries and Commerce beyond 31st March 1963 on a temporary basis upto 31st March 1965 only

2. While submitting proposals for further continuance of the Rural Artisan Training Institutes beyond 31st March 1965, the Joint Director should submit to Government a progress review indicating the number of trainees benefitted by the Institutes and how exactly they have adopted the training in their regular occupations.

APPENDIX II

(i) The budgets of the Boards will be examined and sanctioned by the State Governments but copies of the sanctioned budgets will be furnished to the Central Government The Central Government on reviewing the estimates may draw the attention of the States to any important items of expenditure, which in its opinion appear exorbitant and can be curtailed

(ii) The expenditure of the Boards will be subject to audit by the State Accountant General like any other expenditure of the State revenues The State Government will continue to furnish statements of actual expenditure and audit reports to the Central Government The responsibility for ensuring that the observations made in audit reports are investigated and other recommendations made therein are implemented will devolve on the States Each District Soldiers', Sailors' & Airmen's Board will also be required to submit to the Indian Soldiers', Sailors' & Airmen's Board through the State Government an annual report at the end of each financial year describing its activities during the year under report

(iii) While the State Governments can regulate expenditure either by way of increases or decreases, under existing "Budget Heads" the prior sanction of the Central Government will be necessary, if expenditure is proposed to be incurred on new items. For example, if an increase in the clerical strength of a Board is necessary, the State Government can sanction such an increase, but if new categories of posts such as gardeners, welfare workers, etc , where none existed previously, are sought to be created, the Central Government's sanction should be obtained

(iv) The setting up of new District Soldiers', Sailors' and Airmen's Boards as well as the abolition, down grading or up-grading of the existing ones will be done after prior approval of the Central Government

(v) The entire expenditure on the maintenance of District Soldiers', Sailors' & Airmen's Boards will as heretofore be shared between the Central and State Governments on a 50 50 basis The actual method of meeting the expenditure will, however, be somewhat different The State Governments will maintain the District Soldiers', Sailors' & Airmen's Boards in their jurisdiction from the State revenues while the Central Government will make grants to the State Governments equal to half the expenditure incurred and admitted in audit on these Boards at the end of the financial year on receipt of the audited accounts

(vi) The expenditure involved on payments of gratuity and pensions of the staff will also be shared by the Central Government in the ratio of 50 50. While the amount of pension contribution equal to the Central Government share may be debited to their account at the end of the financial year, the amount of gratuity equivalent to their share may be debited as and when paid to the persons concerned under intimation to the Indian Soldiers', Sailors' & Airmen's Board

2. Sufficient number of copies are enclosed herein for being forwarded to all Disbursing Officers under your control. The Note may be studied carefully and action taken for recovery of Compulsory Deposit from all salaries disbursed on or after 1st July 1963 in accordance with the schemes for employees and Income-tax payers.

ANNEXURE.

NOTE EXPLAINING THE COMPULSORY DEPOSIT SCHEMES RELATING TO INCOME-TAX PAYERS AND EMPLOYEES IN RECEIPT OF ANNUAL SALARIES OF Rs 1,500 OR ABOVE BUT WHO ARE NOT SUBJECT TO INCOME-TAX

The deposits under the two schemes will be accepted at all Head Post Offices and Departmental Sub Post Offices and all offices of the Reserve Bank of India and branches of the State Bank of India and its subsidiary banks other than those which are specifically excluded for this purpose The depositors will be issued a separate pass book in each case and the amount in deposit, together with simple interest at 4 per cent per annum, will be repaid five years after the end of the year in which the moneys were deposited The interest will be free of income-tax. The schemes provide for the declaration of nominees to whom payments will be made in the event of the death of the depositors without the production of succession certificates or other legal proof of title The deposits are exempt from attachment under any decree or order of any Court in respect of any debt or liability incurred by the depositors

2 The other salient features of the two schemes are

A. *Scheme for income-tax payers*

(1) The scheme does not impose any obligation on the employer to make any deductions on account of compulsory deposits from the monthly salary paid by him to his employees who are subject to income-tax The assessees themselves will be responsible for depositing the amounts under the scheme at the deposit offices of their choice any time during the course of the financial year but not more than once a month The deposit offices will issue separate receipts for each deposit made with them and also show the deposit in the pass book The depositors will be expected to make over these receipts to the Income-tax Department as proof of having made the compulsory deposit for claiming deduction from additional surcharge payable by them

(2) It will thus follow that in so far as Government servants or employees of public sector undertakings who are liable for the payment of income-tax are concerned, no deduction will be made at source and the transactions connected with the compulsory deposits will not in any way enter the pay bills of the persons concerned

B *Scheme for employees*

(1) This scheme applies to employees of

(*a*) Central and State Governments ,

(*b*) Local Authorities ,

(*c*) Companies, including foreign companies and Government companies ,

(*d*) Corporations, including co-operative societies , and

(*e*) individuals, associations of persons or bodies of individuals liable to payment of income-tax and entitled to deduct the salary paid to their employees for purposes of computing their income ,

whose annual income from salaries is Rs. 1,500/- or above but who are not subject to income-tax

(2) The scheme imposes an obligation on the employer to make deductions of compulsory deposits at source at the time of payment of salary to their employees in all such cases An exemption has, however, been allowed in the case of employees who will be contributing during the year a sum not less than eleven per cent of their income from salaries in the form of life insurance premia, contribution to Provident Fund and deposits in the 10 and 15 year Cumulative Time Deposits with the Post Offices In their case, no recovery of compulsory deposit will be enforced.

(3) The Head of Office shall obtain a declaration in writing from each of his employees who is otherwise liable for the payment of compulsory deposit, before the payment of his salary for the first time in the month of April of the amounts he would contribute as life

insurance premia, Provident Fund subscription and deposits in the 10 and 15 year Cumulative Time Deposit accounts For the year 1963-64, these declarations have to be made before the payment of salary in the month of July 1963 If the amount proposed to be paid by each such employee is not less than eleven per cent of his annual income from salary for that year, no deduction for compulsory deposit shall be required to be made in respect of such employee for that year

The Head of Office shall verify during the course of the year but not later than the date on which salary is paid in the last month of the year, whether the employee has paid the amounts according to his declaration Where the amount so paid falls short of eleven per cent of his annual income from salary for that year, the Head of Office shall deduct the full amount of the deposit payable for the year from the salary payable to the employee in the last month of that year

(4) In all cases where the deposits have to be made, the Head of Office shall obtain an application from each of his employees, who is required under the Scheme to make a compulsory deposit, for opening an account with the deposit office, before drawing his salary for the month of June payable in July 1963 or, in the case of a person who is transferred to his Office or who is a fresh recruit and who has not already made any compulsory deposit, before the payment of his first month's salary

(5) The amount of deposit shall be 3 per cent of the annual income from salaries In the case of the current financial year, however, as the scheme is being introduced with effect from 1st July 1963, the total amount of compulsory deposits payable for the year will be limited to 2¼ per cent of the annual income from salaries

(6) The total amount payable for the year should be rounded to the nearest rupee and recovered in equal monthly instalments, provided the monthly recoveries also are made in whole rupees, the final adjustment being made in the deduction to be made from the salary for the month of February payable in March

(7) As defined in section 3 (e) of the Act, for purposes of this Scheme, the expression 'salary' has the same meaning as in section 17 of the Income-tax Act but does not include any gratuity or annuity or pension

(8) Except in cases where it may otherwise be specifically authorised, the deductions on account of compulsory deposits shall not be shown in the pay bills but only in the acquittance rolls or office copies of the pay bills, where the latter are used for obtaining the quittance for the disbursement of the salaries. The deductions so made shall be listed out in a statement in Form F enclosed with the Scheme in duplicate or triplicate as may be required by the deposit office. The Head of Office shall arrange to deposit the deductions made by him on account of compulsory deposits with the deposit office within a period of 14 days of the disbursement of the salaries duly supported by the application forms in the case of first deposits and pass books for subsequent deposits and the schedule of deductions, one copy of which will be returned by the deposit office duly receipted

(9) To avoid loss of interest to the depositor, all deductions made within a month should as far as possible be deposited with the deposit office within the same month In the month of March, however, the Scheme requires the deposits to be made in that very month and not in the subsequent month, as otherwise repayment of deduction in the month of March would be postponed by another year

(10) In cases where amounts for the disbursements of salaries are drawn on cheques issued by the Head of Office or by the Treasury Officer, as the case may be, the remittance of compulsory deposits into the deposit office may be made by cheques. For this purpose the Treasury Officer can be asked to issue separate cheques representing the amount of the compulsory deposit deducted at source In such cases also, the deductions will not be reflected in the pay bills except that the total amount of the pay bill will be drawn against two cheques

(11) The pass books obtained from the deposit office shall be retained in the custody of the Head of Office who shall verify that the recoveries made every month have been duly entered in the pass books. The pass books will also be open for inspection by the employees, for which suitable facilities may be provided.

(12) On the termination of employment, the pass book shall be handed over to the employee against receipt Thereafter the Head of Office will in no way be concerned with all subsequent transactions including the repayment of the deposits, which will have to be claimed directly from the deposit office by the depositor himself

In the case of transfer of an employee to another Office, the Head of Office shall arrange for the transfer of the pass book along with the transfer documents of the employee to the Office to which he is transferred An acknowledgement may be obtained from the new Office and placed on record

(13) The Head of Office shall also arrange to make available the pass book to the depositor to enable him to claim any repayment of the deposit from the deposit office, to which he may be entitled under the Scheme.

(14) The Head of Office shall be personally responsible for the deductions on account of compulsory deposits and for their prompt remittance to the deposit office and for the correctness of the amounts deposited The records relating to these transactions will have to be made available to audit as and when required

(15) In the case of employees who draw their own salary bills, the deposit will have to be made by the employees themselves every month in the deposit offices The pass books issued by the deposit office will be retained by such employees but will be required to be produced for inspection of the Head of Office, who shall be responsible to verify that the deposits were being made regularly and correctly For this purpose the Head of Office shall maintain a register in the form as in the annexure to this note

3. The above instructions shall apply *mutatis mutandis* to all public sector enterprises under the control of the administrative Ministries

4. Government Order No FD 17 SRP (1) 61, dated 27th February 1961

PREAMBLE—

In accordance with the orders contained in the Government Order of 8th February 1952 read at Sl. No 1 above, two posts of Peons have been sanctioned for Offices having less than 10 Clerks and that one post of an additional Peon for every eight additional Clerks The same scale of one additional Peon for every 8 Additional Clerks has been continued in Government Order of 25th January 1957 referred to at Sl. No. 2 above. But in Government Order of 25th April 1960 mentioned at Sl. No 3 the scale of Class IV servants was reduced from one Peon for every 8 additional Clerks to one Peon for every 10 Additional Clerks and this scale has been continued in the Government Order of 27th February 1961 read at Sl No. 4 above

2. It would thus be seen from the above Government Orders that the Government Orders issued subsequent to the Government Order of 8th February 1952 speak only of No. of Class IV Servants admissible to such of the Offices which employ more than 10 Clerks Since the point whether the scale of two peons for offices employing less than 10 Clerks sanctioned in the Government Order of 8th February 1952 continues to be in force has not been clarified in the subsequent Government Orders, a doubt has arisen whether the scale sanctioned in the Government Order of 8th February 1952 still holds good Moreover it is also not clear whether and if so, how many Peons should be given to the first 10 Clerks in the Offices employing more than 10 Clerks. So it is considered desirable to issue clear orders in this respect so as to remove any possible doubts

ORDER No. FD 124 SRP (2) 62, DATED BANGALORE, THE 29TH MAY 1963

After careful consideration Government is pleased to direct that the following scale of Class IV Servants in Government Offices should be fixed with immediate effect —

1.	For Offices employing 5 or less than 5 Clerks	1 Peon
2.	For Offices employing more than 5 but not more than 10 Clerks	2 Peons
3.	For Offices employing more than 10 Clerks	
	(*i*) First 10 Clerks	2 Peons
	(*ii*) For every additional 10 Clerks ..	1 Peon
